Counsel for Defendant

COMPLAINT

Plaintiffs Joe Solo and BleachTech L.L.C. (BleachTech), on behalf of themselves and all
others similarly situated, file this Complaint against United Parcel Service Co. (UPS). This case

is a “companion case” to Case No.: 2:13-cv-15263 assigned to Chief Judge Gerald E. Rosen, as provided in Local Rule 83.11(b)(7). In support hereof plaintiffs allege as follows:

INTRODUCTION

1. This is a class action seeking relief on behalf of all persons who used UPS or a affiliate of UPS to ship an item and purchased or paid for additional coverage for loss or damage from UPS. UPS has for years been systematically overcharging customers for the first \$100 of declared value coverage, which UPS in its standardized published rates claims to provide at no additional charge for each shipment. UPS thus accepts liability for loss or damage for all shipments up to \$100 as part of its service at no additional charge. Customers shipping packages with a value in excess of \$100 are able to purchase additional coverage for a fee.

2. The exact UPS disclosure states that “UPS’s liability for loss or damage to a shipment is limited to \$100 without a declaration of value” and that “[t]he maximum declared value is \$50,000.00 per package. UPS’s liability for loss or damage can be increased up to \$50,000.00 (subject to terms and conditions) by making a declaration of value for an additional charge.”

3. The price list for “Value Added Services” for “Declared Value for Carriage” then goes on to specify the price for additional declared value coverage as follows:

| | |
|------------------------------------------------------------------------------------------------------|--------|
| \$0.00-\$100.00 | \$0.00 |
| \$100.01-\$50,000.00 for each \$100.00 (or portion of \$100.00) of the total value declared | \$0.85 |
| Minimum | \$2.55 |

Thus UPS plainly states in its Service Guide that the first \$100 of coverage is at no additional charge, whether or not a shipper purchases additional declared value coverage.

4. Despite the promise by UPS that the first \$100 of declared value coverage is at no additional charge, UPS has systematically charged and caused its agents and sales network to charge customers an additional amount for the first \$100 coverage when they purchase excess declared value coverage.

5. This problem has been known for at least the last 18 months by certain select persons in the small community of shipping consultants who make a living by auditing large companies' shipping costs looking for savings and overcharges.

6. According to shipping consultants, UPS's practice of charging for the first \$100 has been repeatedly brought to UPS's attention. When the matter is brought to UPS's attention, UPS routinely acknowledges the overcharge and credits the account, but it does not fix the problem.

7. Most companies and individuals who lack the means or sophistication to hire professional shipping consultants continue to get overcharged by UPS.

8. On information and belief, UPS's overcharge for each affected shipment is small. Preliminary investigation indicates that, to date, such overcharges amount to less than \$1.00 per shipment.

9. UPS's overcharges for the first \$100 of value for items shipped with an excess declared value reflect a deliberate breach of contract with, and intentional effort to mislead, its end customers. As part of this effort, UPS has implemented a practice of crediting with refunds those few customers who complain of the overcharge, knowing that the number of customers who do not catch UPS's breach of contract and wrongdoing will far outnumber those that do.

10. UPS also ensures that its extensive network of agents in the form of franchised UPS stores and other sales outlets use UPS's software and rate schedules, which thus perpetuates

the overcharge throughout the UPS-affiliated sales network. On information and belief there are more than 4,700 independently-owned UPS Store locations in the United States and abroad. UPS also has nearly 13,000 authorized shipping outlets, such as in Staples office supply stores, that UPS also cause to overcharge excess declared value customers for the first \$100 of coverage.

THE PARTIES

11. Plaintiff Joe Solo (“Solo”) is a resident and citizen of the State of California, residing in Manhattan Beach, California.

12. Solo from time to time ships packages using UPS. On one or more occasions Solo has purchased UPS coverage for loss or damage above \$100 for shipments with a declared value above \$300.

13. On December 26, 2013, Solo shipped via UPS a package with a declared value of \$565.

14. On information and belief, UPS caused Solo to be charged for excess declared value coverage on his December 26, 2013, shipment in an amount over and above the applicable charge set forth in the UPS Service Guide.

15. Plaintiff BleachTech is a privately-held Ohio Limited Liability Company operating chlor-alkali plants to produce sodium hypochlorite (bleach) in Ohio and Virginia, with its principal place of business in Seville, Ohio. BleachTech’s customers are distributed in the Midwestern United States, including Michigan.

16. BleachTech from time to uses UPS’s package shipping services. For some of these packages, BleachTech purchases additional coverage with an excess declared value over \$300. For instance:

- a. On September 17, 2012, BleachTech paid for shipping of a package with a declared value of \$500;
- b. On January 22, 2013, BleachTech paid for shipping of a package with a declared value of \$495;
- c. On March 6, 2013, BleachTech paid for shipping of a package with a declared value of \$486;
- d. On July 22, 2013, BleachTech paid for shipping of a package with a declared value of \$1,634;
- e. On August 21, 2013, BleachTech paid for shipping of a package with a declared value of \$326;
- f. On September 19, 2013, BleachTech paid for shipping of a package with a declared value of \$503.50;
- g. On November 5, 2013, BleachTech paid for shipping of a package with a declared value of \$1483.90 with Tracking Number 1ZX259760399524718; and
- h. On November 26, 2013, BleachTech paid for shipping of a package with a declared value of \$400 with Tracking Number 1Z4902170367747850.

17. In each instance listed above, BleachTech paid an additional charge for the first \$100 of the declared value coverage.

18. Prior to filing suit, through its previous counsel, BleachTech and Solo each gave UPS notice of their claims that they have been overcharged for excess declared value coverage as alleged in this Complaint, in at least one of the ways set forth in UPS's Tariff/Terms and Conditions of Service—United States (UPS Terms), a true and correct copy of the July 8, 2013,

version of which is attached as Exhibit A, hereto. In so doing plaintiffs do not concede that such notice provisions are applicable or enforceable under common law contract principles.

19. On information and belief, UPS has the capacity of identifying by date and invoice detail, including charges for excess declared value coverage, shipments made by its customers using, *inter alia*, customer name, account number, and/or tracking numbers, through computer records and databases over which it has possession, custody, control, or to which it has access.

20. Defendant UPS is a Delaware Corporation and a wholly-owned subsidiary of United Parcel Service, Inc. (UPS Inc.), with its global headquarters located at 55 Glenlake Parkway NE, Atlanta, Georgia 30328.

JURISDICTION AND VENUE

21. This Court has jurisdiction over this action pursuant to 28 U.S.C. §1332(d) because there are more than 100 class members and the aggregate amount in controversy exceeds \$5,000,000, exclusive of interest, fees, and costs and at least one Class member is a citizen of a state different from defendant.

22. UPS transacts business in Michigan, is registered to do business in Michigan, has designated an agent for service of process in this District, advertises and markets its products in Michigan, disseminates the representations set forth herein throughout Michigan, and derives substantial income from the sale and performance of services in Michigan, including without limitation package delivery and excess declared value income for shipments originating in or delivered to locations in Michigan and in this District.

23. Pursuant to 28 U.S.C. §1391 venue is proper in this District because a substantial part of the events, omissions and acts giving rise to the claims herein occurred in this District,

defendant is located in this District, and defendant is subject to personal jurisdiction in this District.

FACTS COMMON TO THE CLASS

24. UPS represents that it charges its shippers fees pursuant to the UPS Terms, which contains “the general terms and conditions of contract under which United Parcel Service (‘UPS’) is engaged in the transportation of shipments”. *See* Exhibit A at 1.

25. Under Section 50 of the UPS Terms, UPS’s liability for each domestic shipment is limited to a value of \$100. *Id.* In order to increase UPS’s limit of liability for loss or damage above \$100, the shipper must declare a value in excess of \$100 for each shipment subject to maximum declared values and pay an additional charge. *Id.*

26. The cost for certain Value-Added Services for Domestic shipments, including additional liability coverage (i.e., analogous to insurance) are set forth in the UPS Rate and Service Guide (“Service Guide”) published by UPS and distributed through its agents and sales network, a true and correct copy of the July 8, 2013, version of which is attached as Exhibit B hereto.

27. The Service Guide lists UPS’s pricing structure for additional coverage as follows:

| | |
|-----------------------------|--------|
| Package | |
| -\$0.00 - \$100.00 | \$0.00 |
| -\$100.01-\$50,000 | |
| For each \$100.00 (or | |
| portion of \$100.00) | |
| of the total value declared | \$0.85 |
| -Minimum | \$2.55 |

28. However, despite the explicit representation and/or contractual promise that the first \$100 of liability coverage is provided at zero cost, on information and belief when a

customer purchases additional coverage for a declared value in excess of \$300.00, UPS charges (in 2013) the customer \$0.85 for the first \$100 in coverage and an additional \$0.85 for each additional \$100 in coverage or portion thereof.

29. For example, when a customer in 2013 declared a value of \$350.00, instead of charging \$2.55 (the “minimum,” which is also 3 X \$0.85 for each \$100 or portion thereof in excess of \$100), UPS charged \$3.40. As a further example, in 2013 for a declared value between \$400.01 and \$500, UPS charged \$4.25, and so on.

30. The effect of this uniform practice is that customers who purchase declared value coverage from UPS in excess of \$300 under rates in effect as of July 8, 2013, paid for the first \$100 in coverage that was supposed to be provided at no additional charge. Thus, in each such instance the customer was charged an additional \$0.85 per shipment in excess of the amounts set forth in the Service Guide.

31. UPS is aware of this issue as it has been brought to its attention by numerous consultants that represent large volume shippers. Despite this knowledge, on information and belief UPS has not changed its practice of charging for the initial \$100 in coverage.

32. According to the 2012 Securities and Exchange Commission form 10-K filing filed by UPS’s parent company:

Today, UPS is the world’s largest package delivery company We deliver packages each business day for 1.1 million shipping customers to 7.7 million consignees in over 220 countries and territories. ***In 2012 , we delivered an average of 16.3 million pieces per day worldwide***, or a total of 4.1 billion packages. Total revenue in 2012 was \$ 54.1 billion.

United Parcel Service, Inc., Form 10-K for period ended December 31, 2012, filed February 28, 2013 (emphasis added.)

33. Moreover, according to a recent SEC Form 8-K filed by United Parcel Service,

Inc.:

On December 23rd [2013], UPS delivered more than 31 million packages, the most ever and 13% over the prior-year peak day.

Form 8-K filed January 17, 2014.

**UPS'S EFFORT TO ERECT AN EXCULPATORY WALL OF
ONE-SIDED CONTRACT PROVISIONS**

34. UPS has sought to insulate itself from lawsuits by building into its standard Terms a series of one-sided requirements that have no purpose other than to exculpate UPS from lawsuits.

35. The UPS Terms are a classic contract of adhesion, presented on a take it or leave it basis to plaintiffs and members of the class. The 43-page single-spaced document was not even given to plaintiffs or Class Members at the time of sale. Rather, it was buried several layers deep in UPS's website on the internet.

36. Further, UPS knows that its billing can be complicated, and that its overcharges as alleged herein are unlikely to be caught by customers. For example, the additional declared value charges are not itemized so that a customer can see the math. Rather, there is just a total charge listed and a customer would have to "back out" the math in order to calculate whether or not the customer was charged the correct amount. This is impracticable and normally practically or actually impossible to do while standing in line at a UPS shipping counter or UPS drop box or store. UPS is well aware of its customers' behavior, and, on information and belief, deliberately obfuscates its overcharges as alleged in this action.

37. Indeed, for certain large customers, a cottage industry has been spawned in the form of shipping consultants who make their money by scrutinizing shipping invoices for large shippers looking for mistakes. These shipping consultants charge one third of the savings they

create for their clients. For example, LJM Consultants states on its website:

UPS ... shippers need assistance eliminating carrier overcharges and billing errors. Invoice errors likely occur 52 weeks a year, and shippers get stuck paying for carrier mistakes and unperformed services. Our UPS parcel audit... service begins by using our proprietary 65-point invoice auditing engine that identifies UPS ... billing errors and overcharges.¹

Another consultant, Source Consulting, claims:

Our freight audit services are easy to implement, making it simple for you to immediately reduce shipping costs by employing our freight auditing services. To put it simply, our parcel freight experts who have backgrounds working for FedEx, DHL, UPS, and other major delivery service carriers will check your shipping invoices on your behalf, identifying when the carriers have made mistakes or where you have been overcharged. We reduce shipping costs for you by getting the carriers to correct their errors and remit the refund you are owed. Our fees are commission-based and depend on the success of our freight audit recovery processes if you do not get a refund, we do not get paid.²

38. While the growth of such shipping consultants gives testimony to the prevalence and scope of the problem, it is not feasible or practical for the vast majority of UPS shippers such as plaintiffs and virtually all of the class members to engage auditors, given the relatively low volume of their shipments and the small per-shipment overcharges by UPS.

39. Nonetheless, UPS tries to limit its exposure by limiting its liability billing claims brought to UPS's attention within 180 days, even though no state has fraud or contract statutes of limitations that are anywhere near this short of a time period.

40. UPS also employs pre-suit notification as a means of avoiding exposure to class action lawsuits. On information and belief, shipping auditors who have made pre-suit notice of the declared value overcharge have routinely gotten their clients credited for the charge for the first \$100 of coverage, and UPS has acknowledged that the charge was not proper. Despite such acknowledgment of the overcharges described in this Complaint, UPS has not changed its

¹<http://myljm.com/>.

² <http://www.sourceconsulting.com/parcel-freight-bill-audit>

behavior. Instead it continues to systematically overcharge its customers.

41. UPS can thus engage in a refund mitigation scheme that is recognized as rational in the economic literature as part of what is known as critical loss theory. The essence of critical loss theory as applied here is that, assuming UPS earns \$200 million in overcharges, and it refunds \$10 million to those who give UPS notice, UPS knows that it will get away with a net profit from the scheme of \$190 million without risk of being held accountable on a class basis because UPS tries to make potential class representative plaintiffs whole before they can file a lawsuit.

42. Further, the amount of effort a customer has to go through to make pre-suit notification is not rationally worth the effort for an 85-cent overcharge, and UPS knows this.

43. In this context, the 180-day limitations and notice provisions are procedurally unconscionable and are substantively unconscionable as well.

44. It is also utterly inconsistent for UPS to insist that plaintiffs strictly adhere to its one-sided exculpatory terms when UPS is itself in breach of the agreement by charging for the first \$100 of declared value coverage. Under general contract law principles, UPS is estopped from enforcing its one-sided limitations period by its own prior contractual breaches.

CLASS ALLEGATIONS

45. Plaintiffs bring this class action pursuant to Federal Rule of Civil Procedure 23(a), (b)(2), (b)(3) and/or (c)(4) on behalf of the following nationwide class (the “Class”):

All persons residing in the United States who purchased from defendant UPS, directly or through an Authorized Outlet³, coverage for loss or damage for

³ “Authorized Outlet” is:

- A UPS Authorized Shipping Outlet
- A UPS Customer Center
- A UPS Store

shipments with a declared value in excess of \$300.00.

46. In the alternative plaintiffs seek, pursuant to Federal Rule of Civil Procedure 23(c)(4), certification of one or more issue class(es) on issues such as those identified in the Declaratory Judgment Count, *infra*, including whether UPS has breached its contract with plaintiffs and the Class by charging for excess declared value coverage in the manner described herein, whether UPS's conduct violates 49 U.S.C. §13708(b), whether UPS was unjustly enriched by its conduct in the manner described herein, and on any other issue of legal significance that arises during the course of litigation that is suitable for Rule 23(c)(4) certification.

47. Subject to additional information obtained through further investigation and discovery, the foregoing Class may be expanded or narrowed by amendment or by the filing of a further amended complaint. Specifically excluded from the Class is any entity in which defendant had a controlling interest or which has a controlling interest in defendant; authorized UPS shipping agents and partners including Authorized Outlets; defendant's legal representatives, assigns, and successors; and the Court and any member of the Court staff.

48. Numerosity. Members of the Class are so numerous that joinder is impracticable. While the exact number of Class members is unknown to plaintiff, it is believed that the Class is comprised of hundreds of thousands or millions of members geographically disbursed throughout the United States. On information and belief, the Class is readily identifiable from

-
- A UPS Franchise
 - A UPS Alliance Location
 - A UPS Authorized Service Provider
 - A UPS Worldwide Express Freight Center, and
 - Any drop box, internet web site, "app", or other location or facility for which customers were or are charged for excess declared value coverage using UPS software, rates, or tables.

information and records in the possession, custody or control of UPS, or which it has the effective power to obtain.

49. Existence and Predominance of Common Questions of Law and Fact. Common legal and factual questions will drive the resolution of the litigation, including, but not limited to:

- a) Whether UPS has charged customers stating a declared value in excess of \$300 for a portion of coverage for loss or damage that it represented it would provide for \$0 (no additional charge);
- b) Whether UPS has breached its contract with Class members;
- c) Whether UPS has been unjustly enriched;
- d) Whether UPS should be required to refund the amount overcharged;
- e) Whether UPS's limitations period and pre-suit notification periods are procedurally and/or substantively unconscionable or otherwise unenforceable; and
- f) Whether UPS is estopped from enforcing any of its contractual dispute requirements or limitations by virtue of its own prior breaches.

50. Typicality. Plaintiffs' claims are typical of the members of the Classes as all such claims arise out of standard form documents and uniform pricing determined by UPS.

51. Adequacy of Representation. Plaintiffs will fairly and adequately protect the interests of the Classes because plaintiffs have no interests antagonistic to, or in conflict with, the Class that plaintiffs seek to represent. Furthermore, plaintiffs have retained counsel experienced and competent in the prosecution of complex class action litigation including but not limited to consumer class actions involving, *inter alia*, breach of contract, unjust enrichment, consumer protection, breach of warranties, antitrust violations, and product liability and design defects.

52. Superiority. The class action mechanism is superior to other available means for

the fair and efficient adjudication of the claims of all Class members. Besides the predominance of questions common to all Class members, individual Class members lack resources to undertake the burden and expense of individual prosecution of these claims against a large corporate defendant like UPS, especially in comparison with the maximum individual recovery to which each Class member would be entitled. Individualized litigation increases the delay and expense to all parties and multiplies the burden on the judicial system presented by the complex legal and factual issues of this case. It also presents a potential for inconsistent or contradictory judgments. In contrast, the class action device presents far fewer management difficulties and provides the benefits of a single adjudication, economy of scale, and comprehensive supervision by a single court on the issue of UPS's liability.

COUNT I
Breach of Contract

53. Plaintiffs repeat the allegations contained in the foregoing paragraphs as if fully set forth herein.

54. In the alternative, one or more plaintiffs and members of the Class are parties to uniform contracts with UPS regarding the shipment of items.

55. Pursuant to the terms of those contracts, UPS is contractually obligated to provided such plaintiffs and members of the Class with \$100 of coverage for loss or damage at no additional charge for each shipment.

56. When such plaintiffs and members of the Class have shipped items with a declared value in excess of \$300.00, in breach of its contract UPS has charged for the initial \$100 of coverage that it was obliged to provide at no additional charge.

57. Such plaintiffs and members of the Class have been harmed by UPS's uniform policy of overcharging customers who purchase declared value coverage in excess of \$300.00.

COUNT II
Declaratory Relief, 28 U.S.C. §2201

58. Plaintiffs repeats the allegations contained in the foregoing paragraphs as if fully set forth herein.

59. Plaintiffs brings this claim pursuant to 28 U.S.C. §2201.

60. There is an actual controversy between plaintiffs and the Class on one hand, and UPS on the other regarding the marketing and sale of excess declared value coverage.

61. Pursuant to 28 U.S.C. §2201, this Court may “declare the rights and legal relations of any interested party seeking such declaration, whether or not further relief is or could be sought.”

62. UPS continues to charge customers for the first \$100 value of their shipment when they purchase additional coverage despite the fact that UPS promises to offer liability coverage up to \$100 at no additional charge, regardless whether a customer declares a value in excess of that amount.

63. There is also a genuine dispute between the parties as to the enforceability of UPS’s contractual exculpation provisions such as the pre-suit notice requirement and the purported 180-day limitations period.

64. UPS has acted or refused to act on grounds that apply generally to the Declaratory Relief Class, so that final injunctive relief or corresponding declaratory relief is appropriate respecting the Class as a whole within the meaning of Federal Rule of Civil Procedure 23(b)(2). Plaintiffs seek declaratory relief, ruling that:

- a. UPS is uniformly charging customers for coverage that it otherwise is obligated to provide for no additional charge;
- b. UPS is not authorized to charge customers for the initial \$100 of coverage;

- c. That to the extent customers who ship via UPS through a third party retailer or other Authorized Outlet lack contractual privity with UPS, UPS cannot consistent with principles of equity and good conscious retain charges paid by such end customers and paid over to UPS for the first \$100 of coverage where the shipment was for a declared value in excess of \$300;
- d. UPS will change its policy and practices to no longer charge customers for the initial \$100 of coverage when the customer choose to purchase additional coverage;
- e. UPS must notify its customers of the overcharges;
- f. UPS will reimburse all customers for any overcharges;
- g. The UPS Terms imposing pre-suit notification and a purported contractual 180-day limitations period are procedurally and substantively unconscionable or otherwise unenforceable under common law contract principles; and
- h. UPS is estopped from enforcing any purported contractual limitations such as pre-suit notification or the contractual 180-day limitations period by virtue of the fact that UPS is in prior breach of its contract to provide the first \$100 of coverage for \$0 (no additional charge) to plaintiffs and members of the class.

COUNT III
Federal Transportation Statute

65. Plaintiffs repeat the allegations contained in the foregoing paragraphs as if fully set forth herein.

66. On information and belief, one or more affiliates or employees of defendant developed the content of, formatted, and/or published or caused defendant to publish the UPS Service Guide, including the excess declared value rates and tables.

67. In the alternative, on information and belief defendant caused UPS Inc. to publish the UPS Service Guide and to present false or misleading information regarding excess declared value charges therein.

68. Defendant is liable, directly and indirectly, for the acts of its affiliates, agents, or employees of defendant.

69. UPS is responsible for the violation, as alleged in this Complaint, of 49 U.S.C.

§13708(b), which provides:

(b) False or misleading information.—No person may cause a motor carrier to present false or misleading information on a document about the actual rate, charge, or allowance to any party to the transaction.

70. Plaintiffs and class members have sustained damages as a result of violations of 49 U.S.C. §13708(b) for which UPS is directly or indirectly liable.

71. 49 U.S.C §14704(a)(2) creates a private right of action against a motor carrier when a person sustains damages as a result of, *inter alia*, a motor carrier's Section 13708 violations:

§14704. Rights and remedies of persons injured by carriers or brokers.

...

(2) Damages for violations. A carrier or broker providing transportation or service subject to jurisdiction under chapter 135 [49 USCS §§13501 et seq.] is liable for damages sustained by a person as a result of an act or omission of that carrier or broker in violation of this part [49 USCS §§13101 et seq.].

72. 49 U.S.C §14704(e) permits the recovery of attorneys' fees and costs for actions under 49 U.S.C §14704(a)(2).

COUNT IV
Unjust Enrichment
(In the Alternative)

73. Plaintiffs repeats the allegations contained in the foregoing paragraphs as if fully set forth herein.

74. UPS represents through its Service Guide that it will provide, at no additional charge, \$100 of liability coverage for each shipment.

75. One or more plaintiffs and/or members of the Class shipped packages through UPS authorized third party retailers, such as The UPS Store franchises, Staples, or Office Depot.

76. On information and belief, UPS causes such authorized third party retailers to offer UPS excess declared value coverage at the rates set forth in the UPS Service Guide.

77. UPS has asserted in a related legal proceeding filed in this Court, Case No. 2:13-

cv-15263 (UPS Amen. Answer, Dkt. #5 at 17) an affirmative defense based on lack of standing “to the extent that either or both of the plaintiffs was not in direct contractual privity with UPS.”

78. The UPS Terms state that UPS regards the third party retailer (and not its end customer) to be the “shipper” for shipments serviced by UPS originating at Authorized Outlets. The UPS Terms further state:

UPS assumes no liability other than to the Third-Party Retailer as the shipper of the package, for lost, damaged or delayed packages sent via the Third-Party Retailer.

(Exhibit A, UPS Terms § 15 at p. 15.)

79. UPS has caused plaintiffs and the members of the Class, to the extent that they have shipped or paid for shipment of packages with a declared value in excess of \$300 processed through a third party retailer, to be overcharged by paying for the first \$100 of coverage for loss or damage that UPS represents in its Service Guide is provided at no additional charge.

80. On information and belief, these overcharges have been paid over to UPS by its third party retailers.

81. These overcharges represent a benefit conferred upon UPS.

82. UPS has retained this benefit under circumstances that make it inequitable for UPS to retain such benefit. Specifically, UPS retained the full benefit of the overcharges despite its representation that it otherwise provides \$100 of coverage for loss or damage at no additional charge.

83. To the extent that plaintiffs or members of the Class lack contractual privity with UPS, in the alternative, plaintiffs and members of the Class seek relief for unjust enrichment. UPS’s retention of the non-gratuitous benefits conferred on it by plaintiffs and members of the Class is unjust and inequitable, and UPS should be required to disgorge and pay restitution to plaintiffs and/or to the members of the Class the total amount of all such overcharges.

REQUESTS FOR RELIEF

WHEREFORE, plaintiffs, on behalf of themselves and others similarly situated, seek entry of judgment against defendant as follows:

- A. For an order certifying the Class under Rule 23 of the Federal Rules of Civil Procedure and naming plaintiffs as Class Representative and its attorneys as Class Counsel to represent the Class members;
- B. For an order finding in favor of the plaintiffs and the Class on all counts asserted herein;
- C. For an order awarding damages in an amount to be determined by the Court or jury;
- D. For prejudgment interest on all amounts awarded;
- E. For an order for declaratory relief as described herein;
- F. For an order of disgorgement, restitution, and all other appropriate forms of equitable and injunctive relief;
- G. For an order awarding plaintiffs and the Class reasonable attorneys' fees and expenses and costs of suit;
- H. For an order preserving the status quo regarding the plaintiff and Class members' rights, including their rights to pursue their claims on a class basis; and
- I. For all further relief as the Court deems just and appropriate.

DEMAND FOR JURY TRIAL

Plaintiffs hereby demand a trial by jury on all claims so triable.

Dated: July 11, 2014

3.4 Alcoholic Beverages

Packages containing alcoholic beverages (wine, beer, or spirits) are accepted for transportation only as a contractual service and only from shippers who are licensed and authorized under applicable laws to ship alcoholic beverages. To receive service for packages containing alcoholic beverages, the shipper must enter into an approved UPS agreement for the transportation of wine, beer, or spirits, as applicable. For all packages containing alcoholic beverages, the shipper must use Delivery Confirmation Adult Signature Required service requesting an adult signature for each package containing alcoholic beverages, and must affix a special UPS alcoholic beverages label to each package. For all U.S. inbound import shipments containing alcoholic beverages, the receiver must be licensed and authorized to receive the alcoholic beverages. UPS does not accept packages containing beer or spirits for delivery to a consumer. It is the responsibility of the shipper to ensure that a package tendered to UPS does not violate any federal, state, or local laws or regulations applicable to the package.

UPS reserves the right to dispose of any alcoholic beverages tendered for shipment which shippers are prohibited from shipping, which UPS is not authorized to accept, which UPS states that it will not accept, or which UPS has a right to refuse. UPS reserves the right to discontinue service to any shipper for, among other reasons, tendering a package containing alcoholic beverages that does not comply with all applicable laws or the Terms.

3.5 Biological Materials

UPS accepts packages containing “Biological Substance, Category B” as defined in 49 C.F.R. § 174.134, which are prepared in accordance with all aspects of 49 C.F.R. § 173.199.

Any package containing biological materials shall be considered a Perishable Commodity.

3.6 Firearms and Ammunition

UPS accepts packages containing firearms (as defined by Title 18, Chapter 44, and Title 26, Chapter 53 of the United States Code) only (a) between licensed importers, licensed manufacturers, licensed dealers, and licensed collectors (as defined in Title 18, Chapter 44 of the United States Code), and government agencies; and (b) where not otherwise prohibited by federal, state, or local law from (i) an individual to a licensed importer, licensed manufacturer, licensed dealer or licensed collector; and (ii) from a licensed importer, licensed manufacturer,

licensed dealer, or licensed collector to an individual. The shipper shall comply with and shall ensure that each shipment containing firearms complies with all federal, state, and local laws applicable to the shipper, recipient, and package.

–The shipper must use Delivery Confirmation Adult Signature Required service for each package containing a firearm (including handguns). UPS, in its sole discretion, may require the shipper to select a UPS Next Day Air[®] Service for any package containing a firearm. Handguns (as defined by 18 U.S.C. § 921) will be accepted for transportation only via UPS Next Day Air Services.

–Firearms (including handguns) are not accepted for transportation via UPS Drop Boxes or UPS Internet Shipping, in response to a request for UPS On-Call Pickup[®] service, or when presented for shipment at any Third-Party Retailer. UPS Returns[®] Services are not available for packages containing firearms.

–Small arms ammunition, as defined in 49 C.F.R. § 173.59, will be transported only when packaged and labeled in compliance with 49 C.F.R. § 172 (Hazardous Materials). Ammunition may not be shipped in the same package as a firearm.

–Firearm parts, which do not constitute firearms as defined under federal law (including without limitation Title 18, Chapter 44, and Title 26, Chapter 53 of the United States Code), and which otherwise comply with federal, state, and local law, will be accepted for transportation.

–Firearms (including handguns) and firearm parts are not accepted for shipment internationally.

See www.ups.com/content/us/en/resources/ship/packaging/guidelines/firearms.html or contact UPS for more information.

3.7 Food Transport; Assumption of Legal Responsibility

Shipments containing “food,” as defined in section 201(f) of the Federal Food, Drug, and Cosmetic Act, will be accepted for transportation only according to the following terms. Shipper assumes all responsibility with respect to establishing and maintaining all records required under 21 C.F.R. Part 1 Subpart J §§ 1.326-1.363. In so doing, shipper assumes the legal responsibility under 21 C.F.R. § 1.363 for establishing and maintaining records that would otherwise be required to be maintained by UPS. Shipper agrees its records will comply with 21 C.F.R. § 1.352 and shall identify the immediate recipient of the transported food; the origin and destination points of shipment; the date the shipment is received and the date released; the number of packages shipped; a description of the freight describing the type of food received and released; and the route of movement. Shipper agrees expressly to make all records required by 21 C.F.R. § 1.352 available to FDA as required by 21 C.F.R. § 1.361. Shipper commits, and recognizes that it has the responsibility, to ensure that all such records are maintained consistent with the record retention requirements provided in 21 C.F.R. § 1.360 and the record availability requirements provided in 21 C.F.R. § 1.363. Shipper agrees that within 45 days of the date of shipment, Shipper will obtain or request from UPS any information needed from UPS to satisfy Shipper’s responsibility to establish and maintain records. Shipper recognizes that the foregoing obligations with respect to establishing and maintaining records cannot be terminated. Shipper expressly agrees to immediately assume responsibility to establish and maintain records as provided in this paragraph, regardless of any FDA-designated compliance date for any provision of 21 C.F.R. Part 1 Subpart J.

3.8 Hazardous Materials Service

Hazardous Materials, defined as those materials regulated under Title 49 of the Code of Federal Regulations (49 C.F.R.) (excluding Limited Quantity/Other Regulated Materials (ORM-D) Ground shipments, as referenced below), and Dangerous Goods, defined as those materials regulated by the International Civil Aviation Organization (ICAO) and published in the International Air Transport Association (IATA) Dangerous Goods Regulations (collectively referred to as “Hazardous Materials,” or “Dangerous Goods,” or “International Dangerous Goods”), are

accepted for transportation only as a contractual service and in accordance with the UPS Guide for Shipping Ground and Air Hazardous Materials, or the UPS Guide for Shipping International Dangerous Goods. To receive Hazardous Materials or Dangerous Goods service, the shipper must sign and agree to the provisions set forth in an approved UPS agreement relating specifically to the transportation of Hazardous Materials, Dangerous Goods, or International Dangerous Goods ("Hazardous Materials Agreement"). Contact UPS for specific information, including a list of "Common Items That May Be Classified as Hazardous Materials."

An additional charge will be assessed for each Hazardous Materials shipment. UPS may also assess an additional surcharge for packages or pallets containing certain types of Hazardous Material. Applicable surcharges are described at ups.com.

It is the shipper's responsibility to determine if a shipment contains a Hazardous Material and to properly classify, label, mark, and package it in accordance with applicable governmental regulations. When required, the shipper is responsible for ensuring that all of its employees involved in the preparation of Hazardous Materials for transport are properly trained, tested, and certified in accordance with 49 C.F.R. Part 172.700 through 172.704, or with IATA (Section 1.5) and for ensuring that a program exists for the retraining, testing, and certification as required by these rules.

All packaging used by the shipper for the transportation of Hazardous Materials, when required by regulation, must pass UN performance testing in accordance with 49 C.F.R. Part 178.602 through 178.609 or IATA (Section 6.0).

The shipper must use a software system, such as the most current version of WorldShip[®] that is acceptable to UPS for the preparation of documents for shipping Hazardous Materials, or an alternative method determined by UPS in its reasonable discretion to perform the same functions. UPS will provide shippers, upon request, a list of vendors who provide acceptable software systems.

UPS reserves the right to refuse to accept, to return, or to dispose of, in compliance with applicable laws and regulations, any Hazardous Material that it determines not to have been prepared in accordance with the UPS Guide for Shipping Ground and Air Hazardous Materials, the UPS Guide for Shipping International Dangerous Goods, and all applicable governmental laws and regulations. The shipper agrees to reimburse UPS for any costs or expenses incurred as a result of any improperly packed or prepared Hazardous Materials which shipper tenders to UPS. In addition, the shipper agrees to reimburse UPS for any costs or expenses incurred by UPS if Hazardous Materials tendered by the shipper are refused by the shipper upon return or cannot otherwise be delivered for any reason including, but not limited to, wrong delivery address or refusal of receiver to accept delivery.

UPS reserves the right, in its sole discretion and without prior notice to the shipper, to dispose of any international shipment containing Dangerous Goods refused by the receiver or which for any other reason cannot be delivered. Shipper shall be responsible for all disposal fees.

The shipper agrees to indemnify, defend, and hold harmless UPS, its parent corporation, and affiliated companies, their officers, directors, employees, agents, and their successors and assigns, from all claims, demands, expenses (including reasonable attorney's and consultants' fees), liabilities, causes of action, enforcement procedures, and suits of any kind or nature brought by a governmental agency or any other person or entity arising from or relating to the transportation of a Hazardous Materials shipment, from the shipper's breach of the Hazardous Materials Agreement or the Terms, or from the shipper's non-compliance with governmental laws or regulations applicable to the transportation of Hazardous Materials whether such action is brought by a governmental agency or other person or entity. Under no circumstances shall UPS be liable for special, incidental, or consequential damages arising from the transportation of a Hazardous Materials shipment.

Pursuant to 49 C.F.R. Part 173.30, in the event the shipper loads any UPS vehicle, the shipper agrees to segregate Hazardous Materials in accordance with 49 C.F.R. Part 177.848 and properly secure Hazardous Materials in accordance with 49 C.F.R. Part 177.834.

UPS does not accept Hazardous Materials in any amounts that require placarding under 49 C.F.R. Part 172, Subpart F. The shipper agrees not to tender Hazardous Materials to UPS in any amount for a single vehicle that would require placarding in accordance with 49 C.F.R. Part 172, Subpart F.

UPS reserves the right to discontinue or terminate service immediately with respect to the transportation of Hazardous Materials if the shipper fails to comply with any provisions of the Terms, or any applicable government regulations (including Limited Quantity/ORM-D shipments that are tendered without the proper shipping documentation). If a shipper tenders an undeclared Hazardous Materials shipment to UPS, UPS shall not be liable for the shipment in the event of loss, damage, delay, or misdelivery, nor shall UPS be liable for any special, incidental, or consequential damages.

If the shipper ships Hazardous Materials from more than one location, and the shipper fails to comply with any provisions of the Terms, the Hazardous Materials Agreement, or any governmental regulations, UPS may, in its sole discretion, terminate all of the shipper's shipment locations or limit such termination to those locations where the failure to comply occurred.

Shippers are prohibited from shipping and UPS will not accept for transportation shipments containing any Hazardous Materials requiring shipping papers (defined as those materials regulated under Title 49 of the Code of Federal Regulations) or Dangerous Goods requiring Shipper's Declaration for Dangerous Goods documents, when such shipments are presented for shipment at UPS Customer Centers, or Third-Party Retailers. Hazardous Materials requiring shipping papers cannot be picked up via UPS On-Call Pickup® service, or retrieved via any UPS Returns® Service, except as a contractual service.

Additional terms applicable to the shipment of Hazardous Materials are set forth in the UPS Guide for Shipping Ground and Air Hazardous Materials, and the UPS Guide for Shipping International Dangerous Goods, the terms of which are each incorporated here by this reference and available at <http://www.ups.com/content/us/en/resources/ship/hazardous>.

3.9 Dry Ice

Packages containing dry ice (carbon dioxide, solid) as a refrigerant, but no other Hazardous Materials, are accepted for transportation within the United States via UPS Ground and UPS Air Services (provided such packages are prepared in accordance with all applicable governmental regulations) without a Hazardous Materials Agreement. Packages containing Hazardous Materials that use dry ice (carbon dioxide, solid) as a refrigerant are accepted for transportation within the United States via UPS Ground and Air Services only as a contractual service. Any package containing dry ice will be considered a Perishable Commodity. Packages containing dry ice may be tendered for shipment at locations of The UPS Store®, where such services are available. A contract is required for all international shipments of dry ice.

3.10 Limited Quantity/ORM-D Packages

Limited Quantity/ORM-D packages are accepted for transportation without Hazardous Materials shipping papers within the 48 contiguous United States via UPS Ground or UPS Hundredweight Service® when properly classified, packaged, and marked. UPS Standard to Canada and UPS Ground (Intra-Alaska and Intra-Oahu) services are available for Limited Quantity/ORM-D shipments without a contract, provided the shipper has reviewed the required checklist and service restrictions with a UPS representative. Limited Quantity/ORM-D packages shipped via UPS Air Services and UPS 3 Day Select® within the United States and Puerto Rico are accepted for transportation on a contractual basis only.

3.11 Hazardous Waste, Mercury, and Mercury-Containing Waste

Packages containing hazardous waste, defined as a solid waste that meets any of the criteria of hazardous waste as described in 40 C.F.R. § 261.3, are not accepted for transportation.

UPS's acceptance for transportation of any elemental mercury, mercury-containing material, or used mercury-containing device (including, but not limited to, medical devices, spent fluorescent lamps, thermostats, or thermometers) is limited, must be prearranged, and will only be provided pursuant to prior written authorization from UPS upon satisfaction of certain requirements including appropriate packaging and financial assurances.

3.12 Live Animals

UPS provides service on a limited basis for some types of live animal shipments. (The term "animal" as used here refers to anything living, except plants.) Live animals may be shipped only pursuant to the restrictions and conditions set forth on [ups.com](http://www.ups.com/content/us/en/resources/ship/packaging/guidelines/animals.html) regarding Shipping Live Animals. A live animal shipment will be considered a Perishable Commodity. Access <http://www.ups.com/content/us/en/resources/ship/packaging/guidelines/animals.html> or contact UPS for information regarding shipping live animals.

3.13 Perishable Commodities

UPS does not provide a protective service for the transportation of Perishable Commodities. Such commodities will be accepted for transportation solely at the shipper's risk for any damage arising from the perishable nature of the item. Shippers shall not file claims for, and UPS shall not be liable to shippers or any third parties for, any damage arising from the transportation of Perishable Commodities, regardless of whether the shipment is delivered pursuant to an applicable UPS Service Guarantee or is delayed in transit. UPS reserves the right to dispose of any shipment in the UPS system containing a Perishable Commodity that UPS deems in its sole discretion to be of no value, unsafe or unsanitary.

3.14 Pharmaceuticals

The shipper shall comply with and shall ensure that each shipment containing pharmaceutical products complies with all applicable federal, state, provincial, and local laws and regulations governing the dispensing, shipment or tender of shipment of pharmaceutical products.

3.15 Portable Electronic Devices

UPS transports shipments containing radio frequency identification devices (RFID), ultrawideband devices (UWB), and other portable electronic devices (PED) only when such devices are in an inactivated state or otherwise in compliance with applicable law including 14 C.F.R. § 91.21, 14 C.F.R. § 121.306, or 47 C.F.R. § 15.521(a).

3.16 Tobacco Products

Shipments containing tobacco or tobacco products, as those terms are variously defined under applicable state law ("Tobacco Product Shipments"), are accepted for transportation only from shippers who are licensed and authorized to ship tobacco and tobacco products pursuant to applicable laws. Tobacco Product Shipments shipped to a consumer will only be accepted for transportation as a contractual service. However, because UPS prohibits shipments of cigarettes to consumers under any circumstances, UPS does not offer a contractual service for the delivery of cigarettes to consumers. To receive service for Tobacco Product Shipments shipped to a consumer, the shipper must sign and agree to the provisions set forth in an approved UPS agreement for the transportation of tobacco products. For all other service for Tobacco Product Shipments, the receiver must be licensed and authorized to receive tobacco or tobacco products pursuant to all applicable federal, state, provincial, or local laws or regulations, and the shipment must conform to the terms, conditions, restrictions, and prohibitions set forth at

www.ups.com/tobacco at the time of shipping. It is the responsibility of the shipper to ensure that a shipment tendered to UPS, including a Tobacco Product Shipment, does not violate any federal, state, provincial, or local laws or regulations applicable to the shipment.

UPS reserves the right to refuse to accept, transport, or deliver any Tobacco Product Shipment that UPS, in its sole discretion, determines does not comply with UPS requirements for the shipment or any applicable law or regulation, and to discontinue any or all service to any shipper for, among other reasons, tendering such a shipment. UPS reserves the right to dispose of any Tobacco Product Shipment that shippers are prohibited from shipping, that UPS is not authorized to accept, that UPS states that it will not accept, or that UPS has a right to refuse.

4. Provisions for Export and Customs Clearance of International Shipments

The shipper (or the party tendering an international shipment to UPS for service, referred to for purposes of this Section 4 as "shipper") must provide UPS with all documentation and information required by the laws of the origin and destination countries for export and import of shipments (i.e., for export and customs clearance). The shipper is responsible for determining export and import licensing or permitting requirements for a shipment, obtaining any required licenses and permits, and ensuring that the consignee is authorized by the laws of the origin and destination countries to receive the shipment. By tendering an international shipment for service and providing UPS with documentation (including any Source Documents), the shipper certifies that the documentation includes all required licenses and permits, that the statements in that documentation and any other information that the shipper provides to UPS relating to exportation and importation are complete, true, correct, and in compliance with the laws of the origin and destination countries, and that the consignee is authorized by the laws of the origin and destination countries to receive the shipment. Furthermore, the shipper understands that civil and criminal penalties including seizure and forfeiture, may be imposed for failing to provide UPS with all required documentation, licenses, permits, statements, and information, for making inaccurate, false, or fraudulent statements, or for violating U.S. or other country laws regulating exports or imports (see, e.g., 13 U.S.C. § 305; 18 U.S.C. §§ 545, 554 and 1001; 19 U.S.C. §§ 1595a and 1592; 22 U.S.C. § 401; and Subchapter C of 15 C.F.R. (i.e., The Export Administration Regulations)).

When an international shipment is tendered to UPS, UPS is thereby appointed as the agent for performance of customs clearance in the destination country to the extent allowed by law. The shipper shall provide all Powers of Attorney and other authorizations required by applicable law for UPS to serve as the shipper's agent to perform customs clearance in the destination country. UPS is specified as the nominal consignee for the purpose of designating a customs broker to perform customs clearance. Local authorities may require documentation confirming that UPS has been designated as the nominal consignee.

Fines, penalties, liquidated damages, storage charges, or other expenses incurred as a result of an action by U.S. Customs and Border Protection (or any other U.S. or other country's government agency regulating imports or exports), or as a result of the failure of the shipper or consignee to provide complete, true, and correct documentation, statements, or information required by the laws of the origin and destination countries (including the failure to obtain a required license or permit) will be charged to the shipper or consignee along with any applicable duties, fees, or taxes, and any applicable late payment fees assessed by UPS. Unless a written agreement between UPS and the shipper specifies otherwise, UPS reserves the right in its sole discretion to charge the shipper or consignee for any such fines, penalties, liquidated damages, storage charges, expenses, duties, fees, taxes, or late payment fees. Regardless of any such written agreement specifying otherwise, in the event of non-payment by the consignee, the shipper is liable for all charges.

The shipper agrees to indemnify, defend, and hold harmless UPS, its parent corporation, and affiliated companies, their officers, directors, employees, agents, and their successors and assigns, from any and all claims, demands, expenses, or liabilities including, but not limited to,

finest, penalties, liquidated damages, storage charges, duties, fees, taxes, late payment fees, or other money due, arising from the transportation, importation, exportation, or customs clearance of shipments on behalf of the shipper, or arising from the shipper's noncompliance with the laws of the origin and destination countries, or UPS requirements applicable to the shipment.

UPS provides routine customs clearance through UPS Supply Chain Solutions® brokerage offices designated by UPS for handling customs clearance of shipments at no additional charge, except for UPS Standard™ to and from Canada shipments, for which a brokerage service charge applies. Other UPS Supply Chain Solutions customs brokerage offices charge fees for the clearance of packages and freight. For UPS Standard to Mexico, customs clearance by UPS Supply Chain Solutions® is required. Failure to do so will result in packages automatically returned to shipper.

Additional charges may apply for complex customs clearance procedures, which include, but are not limited to, the following:

- Clearance procedures involving a government agency other than U.S. Customs and Border Protection;
- Customs Bonds;
- Drawbacks;
- Formal entries involving more than three tariff lines;
- Live Entries;
- Country of Origin Marking; or
- Temporary Import Bonds (T.I.B.).

UPS is under no obligation, unless the customer requests in writing and UPS agrees in writing, to undertake any pre- or post-importation action including, but not limited to, obtaining binding rulings, advising of liquidations, filing protests, or filing petitions for relief.

UPS may prepay duties, fees, or taxes on behalf of the payer. For importation into the United States, a fee will be assessed and billed to the importer. A fee may also apply for shipments to other countries.

For any claims arising from import, export or customs clearance activities, the liability of UPS (including UPS Supply Chain Solutions) shall be limited to the lesser of (i) \$50 per entry, filing, or transaction; or (ii) the amount of fees paid to UPS for such entry, filing, or transaction.

4.1 Electronic Export Information

If Electronic Export Information (EEI) is required to be filed through the Automated Export System (AES) under the Foreign Trade Regulations of the U.S. Bureau of the Census ("Census") (i.e., Part 30, 15 C.F.R.), and the shipper has not filed the EEI and provided an Internal Transaction Number (ITN) to UPS to confirm that an EEI transaction was submitted to Census by the shipper accepted and is on file in the AES, UPS will electronically file the required EEI on behalf of the shipper, provided that all information required to file the EEI is supplied by the shipper in the UPS Shipping System or other export documentation and UPS has received proper authorization or a Power of Attorney from the shipper to complete and file the EEI. A processing fee will be assessed and billed to the shipper.

4.2 Certificate of Origin

UPS may, based solely on information that the shipper furnishes, prepare a Certificate of Origin for goods manufactured and originating within the United States on behalf of the shipper when

one is required but not included with the export documents provided by the shipper. When authorizing UPS to prepare a Certificate of Origin, the shipper certifies that the information it provides to UPS is complete, true, and correct and that the completed Certificate of Origin complies with the laws of each country where a claim will be made that the goods are manufactured and originate in the United States. A processing fee will be assessed and billed to the shipper.

4.3 UPS Paperless® Invoice Service

A shipper must register with UPS in advance of shipping to use UPS Paperless Invoice service, where such services are available. By using UPS Paperless Invoice service, the shipper authorizes UPS to use the shipper's letterhead and electronic signature to prepare true, correct, and paperless commercial invoices that reflect, in all material respects, the shipper's sale transactions of merchandise to its buyers (i.e., the "Sold To" Parties) necessary to expedite in accordance with law the export and customs clearance of international shipments. The shipper shall provide to UPS in advance all required information including, but not limited to, the true and accurate price at which the merchandise was sold to the "Sold To" Party, any required additions to customs value (e.g., dutiable commissions, royalty/license fees, assists, packing costs, and proceeds of subsequent sales), the currency of the sale, country of origin, terms of sale, the quantities, ultimate consignee, and a complete commercial description of the merchandise. By using the service, shipper represents and certifies that any paperless commercial invoice that UPS prepares is true and accurate, which means that it is, in all material respects, an electronic copy of the same commercial invoice provided to the buyer. The shipper shall have an affirmative, non-delegable duty to disclose to UPS any and all required commercial invoice information, and to ensure its accuracy and completeness. The shipper must provide timely upload of PLD to use UPS Paperless Invoice service.

4.4 Pre-Release Notification for Import Shipments

A shipper or consignee may request that UPS notify the consignee prior to submission of a U.S. import shipment to U.S. Customs and Border Protection so that the importer may validate the classification, valuation, or other import information. An additional fee applies for this service and will be billed to the importer or to the shipper when the shipper is selected as the payer of the duties and taxes for the shipment.

4.5 Record-Keeping

The shipper agrees and consents that UPS may preserve a record of the carriage for an international shipment using means other than producing a copy of the air waybill. The shipper has a duty to and is solely liable for maintaining all records as required under the export and customs or other laws of the origin and destination countries, unless otherwise agreed to in writing. UPS assumes no responsibility to act as a record-keeper or record-keeping agent for the shipper.

5. UPS Import Control®

UPS Import Control service allows a shipper to process an import shipment, including commercial invoice. Where available, a shipper may use UPS Import Control service to create a Print Import Label, Electronic Import Label, or Print and Mail Import Label to provide to the sender or party tendering the shipment to UPS, or a shipper may request 1 UPS Pickup Attempt or 3 UPS Pickup Attempts to request that UPS make pickup attempts to retrieve import shipments from a sender's address. 3 UPS Pickup Attempts is not available for UPS Worldwide Express Freight™. UPS Import Control is available only in countries where UPS pickup services are available. An additional charge will be assessed for each UPS Import Control unique label.

UPS Import Control is available for packages and pallets processed through UPS CampusShip[®], UPS Internet Shipping, or UPS Developer Kit and also for packages only, processed through WorldShip[®] or an approved UPS Ready[®] solution.

Shipments containing certain items are prohibited from being shipped and are not accepted by UPS for UPS Import Control[®] service including, but not limited to, Hazardous Materials shipments requiring shipping papers, firearms, or shipments requiring Delivery Confirmation Services. C.O.D. service is not available for UPS Import Control shipments.

The maximum actual or declared value for each UPS Import Control shipment is \$50,000 per package and \$100,000 per pallet, provided that, for any UPS Import Control package or pallet with an actual or declared value in excess of \$1000, the shipper must ensure that a UPS high-value shipment summary is generated and signed by the UPS driver upon tender of the shipment to UPS. If no high-value shipment summary is obtained and signed, the maximum actual or declared value of each such package or pallet is limited to \$1000.

Notwithstanding anything herein to the contrary, for all UPS Import Control shipments tendered to UPS for export from the U.S., that transit the U.S., or that contain U.S.-origin goods, the sender or tendering party is the exporter for purposes of the Export Administration Regulations ("EAR"), and it shall be responsible for determining licensing authority (license, license exception, or NLR) and obtaining the appropriate license or other authorization as provided in Section 4 (Provisions for Export and Customs Clearance of International Shipments). In no event shall a party arranging for UPS Import Control service provide a writing assuming responsibility for determining licensing requirements and obtaining license authority for any UPS Import Control shipment to the tendering party. UPS does not agree to serve as the exporter for purposes of the EAR.

6. Right of Inspection

UPS reserves the right in its sole discretion to open and inspect any shipment tendered to it for transportation, but is not required to do so.

7. Refusal of Service

UPS reserves the right to refuse to provide service, among other reasons, for any shipment which by reason of the dangerous or other character of its contents may, in the sole judgment of UPS, soil, taint or otherwise damage other shipments or UPS's equipment, or which is improperly or insecurely packed or wrapped, as determined by UPS in its sole judgment.

Before accepting any shipment, UPS reserves the right to require sufficient verification, as determined by UPS in its sole discretion, of the shipper's name and address, or any other information necessary to accept the shipment for service. UPS reserves the right to refuse to provide service for any shipment or to or from any location, or to provide alternative service arrangements, or to intercept, hold or return any shipment when, among other reasons, UPS, in its sole discretion, determines that it is unsafe or economically or operationally impracticable to provide service, that its services are being used in violation of federal, state, or local law, or for fraudulent purposes, or when the account of the person or entity responsible for payment is not in good standing.

8. Packaging

It is the responsibility of the shipper to ensure that proper packaging is used and that contents are adequately and securely packed, wrapped, and cushioned for transportation. Shipments must be so packed or wrapped as to meet UPS's published standards related thereto set forth in the Service Guide, or on ups.com, and as to pass tests set forth in the International Safe Transit Association ("ISTA") Procedure 3A, Procedure for Testing Packaged Products, published by ISTA. In addition, any tested product must be free from damage and the packaging must afford reasonable protection as determined by UPS in its sole judgment.

Shipments containing goods of high value or high risk, including without limitation jewelry, pharmaceuticals, computers, hand-held electronic devices, mobile telephones, and electronic components of these, must not have labels, customized shipping labels (including as created in a UPS Automated Shipping System), markings, logos, or other written notice of contents contained within the package.

The use of UPS-provided packaging is not a guarantee that an item is sufficiently packaged for transportation. UPS does not provide special handling for shipments with "Fragile," orientation markings (e.g., "UP" arrows or "This End Up" markings), or any other similar such markings.

When shipping media of any type containing sensitive personal information (such as personal financial or health information), it is recommended that the shipper retain a copy of the data and secure the data on the media through encryption or other technological means. UPS is not liable or responsible for loss of, damage to, or irretrievability of data stored on media of any type, or for loss of information, including without limitation personal, health or financial information. For the shipment of electronic media, or for breakable items, see the packaging guidelines located at ups.com. The guidelines advise against the use of Express Envelopes, Express Paks, or Express Pad Paks to ship sensitive personal information or breakable items.

UPS Worldwide Express Freight™ shipments must be palletized, stackable, able to be lifted by forklift, and shrink-wrapped or banded to a skid. Shipper must ensure that pallets and packaging comply with all applicable laws and regulations of the origin and destination country.

9. Use of UPS-Provided Materials and Services

UPS-provided materials including, but not limited to, packaging materials and supplies, envelopes, labels, label printers, shipping documents, publications and products are provided solely for the use of UPS shippers to obtain UPS services on their behalf and to interact with UPS. Any other use of such UPS-provided materials is strictly prohibited.

UPS Express® Envelopes, Express Paks, Express Boxes, Express Tubes, UPS 10KG Box® and UPS 25 KG Box® may not be used for UPS Ground, UPS Standard™, UPS 3 Day Select®, or UPS Worldwide Expedited® shipments.

Under no circumstances may a shipper sell any UPS-provided materials, products, or services to any third party without prior written authorization from UPS.

A weekly charge applies for use of UPS-provided thermal label printers.

10. Use of UPS Electronic Information Systems

Use of UPS electronic information systems to which shippers are granted access by UPS and which are accessed by means of hardware, software, or internet interfaces, including UPS Shipping Systems, are subject to and will be governed by the terms in effect at the time of shipping for the relevant system, including without limitation, the UPS Technology Agreement, the iShip® Master Enterprise Service Agreement, the ConnectShip® End User License Agreement, or that agreement licensing use of a UPS Ready® solution.

11. Timely Upload of PLD

The shipper must provide Timely Upload of Package Level Detail ("PLD") to UPS. Timely Upload of PLD as used in these Terms refers to the electronic transmission of all applicable PLD information to UPS at or before the time that shipments are tendered to UPS. PLD includes, but is not limited to, consignee's full name, complete delivery address, and shipment dimensions and weight.

12. ZIP Code[™]/Postal Code Information

The receiver's ZIP Code[™] is a required part of the address for domestic shipments. When available, ZIP+4[™] should be used. The receiver's postal code, telephone number, and contact name are required parts of the address for international shipments.

13. P.O. Boxes

UPS does not provide Delivery to a P.O. Box. The shipper must make every effort to obtain a street address. If the shipper should use a P.O. Box address, the recipient's telephone number must be included. A package addressed to a P.O. Box may experience delays, is not covered by any UPS Service Guarantee, and is subject to an Address Correction charge. Army Post Office (APO) and Fleet Post Office (FPO) addresses are not accepted.

14. UPS Customer Center and UPS Worldwide Express Freight[™] Center

Before accepting a shipment tendered for transportation or releasing any shipment at a UPS Customer Center or a UPS Worldwide Express Freight Center to a consignee or other recipient, UPS reserves the right to require sufficient verification, as determined by UPS in its sole discretion, of the shipper's or recipient's name, address, authorization to ship or receive the shipment, or any other information UPS deems necessary to accept or release the shipment in its sole discretion. Persons tendering or picking up shipments on behalf of a business may be required to provide identification issued by the business and a government-issued identification. A residential consignee will be required to provide a government-issued identification. UPS reserves the right to require payment to be made at Customer Centers and UPS Worldwide Express Freight Centers by payment card only.

15. Third-Party Retailer

The UPS Store[®] locations are independently owned and operated by licensed franchisees of The UPS Store, Inc., a subsidiary of United Parcel Service, Inc., and are not agents of UPS. Other Third-Party Retailers are independently owned and operated businesses and are not agents of UPS. UPS assumes no liability other than to the Third-Party Retailer as the shipper of the package, for lost, damaged or delayed packages sent via the Third-Party Retailer. Any such liability to the Third-Party Retailer is subject to the limitations set forth in the Terms. All inquiries regarding packages shipped via any Third-Party Retailer must be directed to the Third Party Retailer that shipped the package. UPS will deal solely with the Third-Party Retailer in all matters concerning packages shipped via any Third-Party Retailer including, but not limited to: tracking/tracing requests; claims and guarantees; C.O.D. preparation and remittance; return of undeliverable packages; proper packaging and labeling; and billing. Even if UPS responds directly to customers of the Third-Party Retailer regarding tracking requests, UPS will not be liable to those customers. The Third-Party Retailer is solely responsible for the issuance of any refunds and claims to those who shipped packages via the Third-Party Retailer. For any package shipped via the Third-Party Retailer with a declared value in excess of \$1000, the Third-Party Retailer must provide a copy of the high-value control log to UPS at the time of tender of the package. The Third-Party Retailer shall not ship any articles which UPS does not accept for transportation. The Third-Party Retailer shall indemnify and hold harmless UPS in any action against UPS arising from the loss, damage, or delay of a package shipped via the Third-Party Retailer.

16. Pickup Services—Scheduled

UPS offers the following Scheduled Pickup Services:

—*Daily Pickup*: When Daily Pickup service is selected, UPS will call on shipper's location once each business day to pick up packages. UPS may not call upon a location on any day in which the account indicates that there are no packages available for pickup.

–*Daily On-Route Pickup*: When Daily On-Route Pickup service is selected, UPS will call at shipper's location each business day to pick up packages while making deliveries in shipper's area.

–*Day-Specific Pickup*: When Day-Specific Pickup is selected, UPS will call on shipper's location each business day as preselected by shipper. Shipper may select up to four business days per week for Day-Specific Pickup.

For Daily Pickup, Daily On-Route Pickup, and Day-Specific Pickup, a weekly service charge based on the account's weekly billing total, as reflected in the UPS billing system, will be assessed. The weekly billing total may not necessarily reflect all packages tendered during a calendar week. For UPS Smart Pickup, a weekly service charge will be assessed.

Scheduled Pickup Services are not available for UPS Worldwide Express Freight service.

17. UPS On-Call Pickup[®] Service

When UPS On-Call Pickup Service is requested by the shipper, UPS will arrange (where reasonably practicable) a pickup at the shipper's location. An additional charge for On-Call Pickup Service will be assessed.

On-Call Pickup Service from a Residential location will be assessed an additional surcharge for residential pickup. If the Residential location is in a remote or less accessible area as designated by UPS, an additional surcharge for extended area or remote Residential pickup also will apply.

On-Call Pickup Service must be requested for each UPS Worldwide Express Freight[™] shipment pickup or drop-off (for door-to-door and non door-to-door services), and may not be combined with a package pickup. No additional charge for On-Call Pickup Service applies to UPS Worldwide Express Freight service.

18. Saturday Pickup; Processing Fee

UPS offers Saturday pickup of UPS Air Services packages and UPS Hundredweight Air Services shipments for Delivery in the United States and Puerto Rico where such services are available. The shipper should contact UPS for information regarding UPS's Saturday pickup area. UPS Air Services shipments picked up on Saturday receive the same delivery commitment as UPS Air Services shipments picked up on Friday. Saturday pickup service is provided by the following methods:

–A shipper may request Saturday pickup via UPS On-Call Pickup service by contacting UPS on each Saturday, excluding holidays, on which the service is needed.

–At the shipper's option, UPS will call at the shipper's premises every Saturday, excluding holidays, to pick up qualifying shipments. A surcharge will be assessed if UPS calls at the shipper's premises on Saturday and there are no packages to be picked up on that day.

An additional charge will be assessed for each UPS Air Services package or UPS Hundredweight Air Services shipment processed using a UPS Shipping System, tendered to UPS, or tendered to a Third-Party Retailer on a Saturday, in addition to any applicable UPS On-Call Pickup[®] charge.

19. Drop Shipment

A unique Drop Shipper account number will be assigned to approved shippers and must be used solely for the origin and destination locations as specified in the UPS Drop Ship Letter of Understanding or as required by UPS.

UPS reserves the right to refuse any Drop Shipment request, in its sole discretion, including, but not limited to, any Drop Shipment that is operationally or economically impracticable to transport. A request for Drop Shipment service is not reasonable unless the shipper makes a prior arrangement with UPS, agreed to in advance by UPS, as to timing, location, and volume of the Drop Shipment.

When a shipper, through prior arrangements with UPS, tenders packages at UPS's receiving stations with a return address requiring a movement greater than a Zone 2 movement from the point of tender, any undelivered packages will be returned automatically and will be charged at the rate applicable between the point of tender and the return address. The effective UPS Rates for the applicable shipment will apply.

UPS does not accept, and shippers are prohibited from shipping, any package via a Drop Shipment that contains Hazardous Materials, except for Limited Quantity/ORM-D packages that are tendered for UPS Ground service in the 48 contiguous United States.

20. Delivery

UPS does not limit Delivery of a shipment to the person specified as the receiver in the UPS Shipping System. Unless the shipper uses Delivery Confirmation service requiring a signature, UPS reserves the right, in its sole discretion, to make a Delivery without obtaining a signature.

21. Residential Delivery

If the delivery location could be construed as either residential or commercial, then a Residential Delivery surcharge will apply. A residential delivery surcharge will apply even if the delivery location is later changed by the shipper or consignee to a commercial location.

22. Deliveries Attempted Three Times Without Extra Charge

If UPS is unable to deliver a shipment, a notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver the shipment will be made without additional charge. For UPS Worldwide Express Freight™ shipments, only one delivery attempt will be made; subsequent delivery attempts are subject to additional charges which will be charged to the consignee.

23. Hold for Pickup and Hold at Location Services

At the time a shipper tenders a shipment to UPS, the shipper may request that UPS hold a domestic package at a designated UPS Customer Center for pickup by the consignee. For each such shipment, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS Customer Center. In addition, the shipper will apply a UPS Hold for Pickup label below the address label on the shipment. Hold for Pickup is not available for international package shipments.

For UPS Worldwide Express Freight™ shipments, the shipper may request that UPS hold a UPS Worldwide Express Freight shipment at a UPS Worldwide Express Freight Center location for pickup by the consignee. For each such shipment, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the consignee (designated UPS Worldwide Express Freight Center address not required).

UPS will hold the shipment at the designated UPS Customer Center or UPS Worldwide Express Freight Center and will attempt to contact the consignee at the telephone number shown on the label. Shipments not picked up within five (5) business days from the date of arrival will be considered undeliverable.

24. Shipper Release

A shipper may request that UPS release a shipment on the first Delivery attempt. When Shipper Release is selected, UPS will make only one Delivery attempt, a signature will not be obtained upon Delivery, and a UPS delivery record showing a completed Shipper Release delivery shall be conclusive proof that Delivery was completed. Shipper Release is provided solely at the shipper's risk of loss or damage arising from the release of the shipment by UPS and UPS will not be liable to shippers or third parties for any damages arising from the release of the shipment.

25. UPS carbon neutral

A shipper may request that UPS offset the climate impact of a shipment via UPS carbon neutral service by selecting UPS carbon neutral at the time a shipment is tendered to UPS. By selecting UPS carbon neutral, UPS will purchase and retire in the appropriate registry a sufficient number of voluntary or regulatory carbon credits as determined by UPS in its sole discretion to offset calculated carbon dioxide emissions. UPS carbon neutral is available only for shipments shipped using a UPS Automated Shipping System. An additional charge will be assessed for each package or pallet.

26. UPS Delivery Intercept®

After a domestic package has been tendered to UPS but before Delivery, a shipper may request that UPS return a package to the shipper, reroute a package (including a request by shipper to correct an address), hold the package for pickup at a UPS Customer Center, or hold a package for future delivery. UPS may in its discretion also accept a UPS Delivery Intercept request from a third party when the shipper has requested that the third party's UPS account number be billed for such package. UPS will honor a UPS Delivery Intercept request in its discretion where practicable and where the shipper has guaranteed payment of applicable charges resulting from the change. An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of the request will be assessed for each package returned to the shipper, rerouted, or held for future delivery. If a request to reroute a package requires a package movement from the original receiver address beyond a UPS Zone 2, additional transportation charges also will apply. The transportation charges will be calculated at the applicable rate between the original receiver address and new rerouted address. For a request to return to shipper, transportation charges as set forth in Section 34 for undeliverable packages will apply and be assessed to the shipper.

27. Delivery Change Requests

After delivery has been attempted and the receiver has received notice from UPS that delivery has been attempted (UPS InfoNotice® or postcard number required), the receiver may request, for a package or a pallet, that UPS return to the shipper, hold for pickup at a UPS Customer Center or UPS Worldwide Express Freight™ Center, hold for future delivery, or reroute a package (but not a pallet) ("Delivery Change"). Delivery Change Requests to reroute international shipments are not available. UPS will honor a Delivery Change Request in its discretion where practicable and where the receiver has guaranteed payment of any applicable charges resulting from the change. By requesting a Delivery Change, the receiver acknowledges and agrees that the limitations of liability set forth in the Terms in effect at the time of shipment apply to the shipment subject to the Delivery Change Request and that the value originally declared by the shipper, if any, shall continue to apply throughout the course of transportation pursuant to the Delivery Change Request. UPS assumes no liability other than to the shipper of the shipment for loss, damage, or delay of any shipment subject to Delivery Change. An additional charge set

forth in the UPS Rates applicable to the shipment in effect at the time of the request will be assessed to the consignee for each package rerouted or held for future delivery by a Delivery Change Request. If a request to reroute a package requires a package movement from the original receiver address beyond a UPS Zone 2, additional transportation charges also will apply and be assessed to the consignee. The transportation charges will be calculated at the applicable rate between the original receiver address and new rerouted address. Delivery Reattempt charges will apply to subsequent attempts to deliver UPS Worldwide Express Freight shipments beyond the first delivery attempt. For a request to return to shipper, transportation charges as set forth in Section 34 for undeliverable shipments will apply and be assessed to the shipper.

28. Correction of Addresses

If UPS is unable to deliver any shipment as addressed by the shipper, or if the shipment has an incorrect or incomplete address (examples include, but are not limited to, P.O. Boxes, missing suite, apartment, or unit numbers, old addresses, and missing/incorrect ZIP Codes), UPS will make reasonable efforts, to be determined in its sole discretion, to secure the correct or complete address. An address validated by UPS may be incorrect or incomplete for purposes of completing Delivery, and may be corrected by UPS. If the correct or complete address is secured, UPS, at its sole discretion, will attempt delivery, and the shipper will be provided with the correct or complete address in order to update its internal records. An additional charge will be assessed for an address correction.

29. Saturday Delivery

UPS offers optional Saturday Delivery where such services are available. A shipper may request Saturday Delivery by indicating the selection in the UPS Shipping System and attaching a Saturday Delivery routing label to each package or pallet. An additional charge will be assessed for each shipment for Saturday delivery and will be billed to the payer of the transportation charges. Contact UPS for UPS's Saturday Delivery area.

30. Delivery Confirmation Services

UPS provides the following Delivery Confirmation Services. An additional charge applies for each service. Delivery Confirmation information, including signatures where applicable, is available online or by mail. Where applicable, only valid UPS accounts will receive responses via mail:

30.1 Delivery Confirmation (domestic only)

A shipper may request Delivery Confirmation Service by indicating Delivery Confirmation on the UPS Source Document (excluding Air Shipping Documents) or in a UPS Automated Shipping System. Delivery Confirmation information will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the reason for the return and the date processed.

30.2 Delivery Confirmation Signature Required (domestic and international)

A shipper may request UPS to obtain the recipient's signature on Delivery. The shipper must use a UPS Automated Shipping System to initiate a request for this service. UPS may obtain, at its discretion, a signature or other electronic acknowledgment of receipt from the recipient when this option is selected.

30.3 Delivery Confirmation Adult Signature Required (domestic and international)

A shipper may request UPS to obtain the signature of an adult 21 years of age or older on Delivery. UPS, in its sole discretion, will determine if Delivery can be completed when such a

request is made, and may request photo identification indicating the recipient's age, before completing Delivery. The shipper must use a UPS Automated Shipping System to initiate a request for this service. UPS reserves the right to assess the shipper the additional charge for this service when the shipper requests UPS to obtain an adult signature on Delivery and an approved UPS label is not affixed to the package or pallet indicating such request, or, the shipper tenders a package or pallet that, based upon its contents, requires an approved UPS label requesting an adult signature upon Delivery and no such label has been affixed to the package or pallet.

31. UPS Next Day Air® Early A.M.® Verbal Confirmation of Delivery

The shipper may request optional Verbal Confirmation of Delivery when shipping via UPS Next Day Air® Early A.M.® Verbal Confirmation of Delivery is not available in Hawaii and is not available for international shipments. When this service is selected, UPS will call the shipper to confirm Delivery on the day of Delivery. The additional charge for each Verbal Confirmation of Delivery request will be billed to the payer of the transportation charges.

32. Proof of Delivery (P.O.D.)

Upon request, UPS will provide proof of delivery of a shipment via fax transmission, email, or mail. The request must include a fax number, including area code, for an operating fax machine, an email address for email delivery, or an address deliverable by the United States Postal Service for mail.

33. Tracking/Tracing and Refund Request Charge

UPS reserves the right to assess a shipper an additional charge per request for each Tracking/Tracing and Refund Request initiated by or at the request of the shipper. This charge will not be assessed for the first 50 tracking requests per calendar week, or for a quantity of tracking requests equal to or less than 20 percent of the shipper's volume for that week, whichever is greater. This charge will not be assessed for a quantity of tracing requests equal to or less than two percent of the shipper's volume for that week. UPS also reserves the right to assess the shipper a charge set forth in the effective UPS Rates for Service Guarantee refund requests when the subject shipment was delivered in accordance with the applicable UPS Service Guarantee in the effective Terms.

34. Special Handling of Undeliverable Shipments; Refused Shipments Returned

Shipments refused by the consignee, or which cannot be delivered will be returned to the shipper at shipper's expense, including, but not limited to, forwarding costs, return transportation charges, duties, and taxes. Undeliverable international shipments returned to the shipper also are subject to an undeliverable shipment surcharge set forth in the effective UPS Rates. The UPS Service Guarantee does not apply to undeliverable shipments returned to the shipper.

UPS reserves the right to dispose of a shipment, including salvage (after retention of the shipment for a reasonable period of time as determined by UPS, not to exceed 30 days) if the shipment is refused by the consignee or for any other reason cannot be delivered, and return of the shipment is refused by the shipper or the shipment cannot otherwise be returned to the shipper. The shipper or consignee's sole recourse in such circumstances shall be in accordance with and subject to Sections 49 ("Claims and Legal Actions") and 50 ("Responsibility for Loss or Damage").

35. C.O.D. Service

UPS accepts C.O.D. packages for delivery in the United States and Puerto Rico. C.O.D. service is not provided for international shipments except for international shipments originating in

Canada for delivery in the United States. C.O.D. service is not available for UPS Worldwide Express Freight Service from any origin.

35.1 Preparation and Listing of C.O.D. Packages

Shippers not using a UPS Automated Shipping System must prepare and attach to each C.O.D. package a UPS C.O.D. tag showing the amount to be collected and enter such amount in the space provided for that purpose.

Shippers using a UPS Automated Shipping System will generate, and apply to each C.O.D. package, a system-generated address label with a C.O.D. bar code and the amount to be collected for each individual package. Each C.O.D. package in a UPS Hundredweight Service® or UPS Ground with Freight Pricing C.O.D. shipment must carry a C.O.D. tag or system-generated label for the goods contained in that package.

35.2 Responsibility for C.O.D.s

Upon delivery of each C.O.D. package, UPS will attempt to collect the amount shown on the C.O.D. tag or the system-generated label attached to the package and transmit to the shipper the amount so collected (subject to the terms in Section 35, "Remittance of C.O.D.s," below), or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within 45 days from the date of shipment of a C.O.D. shipment if the shipper has not received payment of the C.O.D. amount, or any claim relating thereto shall be deemed waived. Suits shall be instituted within two years after denial of any portion of the claim.

If collection cannot be made within three delivery attempts, or the consignee refuses delivery, UPS will return the package to the shipper.

35.3 Consignee's Checks in Payment of C.O.D.s

Unless instructions to collect a cashier's check or money order only are shown on the C.O.D. tag (in conformity with the instructions on the tag) or system-generated label, UPS will accept a check or other negotiable instrument issued by or on behalf of the consignee. When instructions to collect a cashier's check or money order only are clearly indicated on the C.O.D. tag or system-generated label, UPS reserves the right to accept a cashier's check, money order, official bank check, or other similar instrument issued by or on behalf of the consignee.

All checks or other negotiable instruments (including cashier's checks, official bank checks, money orders, and other similar instruments) tendered in payment of C.O.D.s will be accepted by UPS based solely upon the shipper assuming all risk relating thereto, including, but not limited to, risk of non-payment, insufficient funds, and forgery, and UPS shall not be liable upon any such instrument.

All checks or other negotiable instruments (including cashier's checks, official bank checks, money orders, and other similar instruments) will be transmitted to the shipper together with UPS's own check if consignee check(s) collected are for less than the C.O.D. amount. Remittances (checks, money orders, etc.) received that are less than the C.O.D. dollar amount indicated by the shipper will be reimbursed for the full amount unless the variance of the amount remitted is less than \$1.00.

35.4 C.O.D. Package of \$10,000 or More

UPS may require payment for any C.O.D. package of \$10,000 or more to be received in a single check or other negotiable instrument such as a cashier's check, money order, official bank check, or other similar instrument.

35.5 Acceptance of Personal Check

In the event that UPS accepts a personal or company check when a shipper has properly instructed UPS to collect a cashier's check or money order only, UPS reserves the right, in its sole discretion, to deposit into a UPS account the personal or company check collected and to provide the shipper with a check issued by UPS.

35.6 C.O.D. Remittance Verification

In the event that a shipper timely notifies UPS that the shipper has not received payment of the C.O.D. amount, if UPS's records show that it collected a C.O.D. payment and the remittance has not been cashed, UPS may, in its sole discretion, provide the shipper with a digital image of the check or money order along with a C.O.D. Remittance Verification in order to assist the shipper in locating the missing C.O.D. payment. If the shipper is still unable to locate the C.O.D. payment, UPS may, in its sole discretion, provide the shipper with an indemnified C.O.D. check or money order, which is a digital image of the original payment collected by UPS at the time of delivery and can be deposited in a bank, provided that the original check or money order has not previously been deposited or negotiated. If the indemnified check or money order turns out to be invalid for any reason including, but not limited to, insufficient funds or forgery, UPS shall not be liable upon the instrument.

35.7 Restrictions

C.O.D.s are accepted for amounts up to \$50,000 per package.

C.O.D. packages with an amount to be collected in excess of \$500 are not accepted for transportation via a UPS Drop Box.

Entry of a C.O.D. amount is not a declaration of value for carriage. Payment of the C.O.D. charge does not constitute payment of the declared value charge.

UPS will not accept currency in any amount for payment of C.O.D. shipments.

35.8 Charges for C.O.D. Collections

An additional charge will be assessed for each C.O.D. package tendered to UPS.

35.9 Remittance of C.O.D.s

Subject to the following provisions of this section, UPS shall remit C.O.D. collections to the shipper after the date of collection.

The shipper irrevocably authorizes UPS to apply, in its sole discretion and without prior notice to the shipper, any C.O.D. collections to any past due Charges owed by the shipper. To this end, if there are any past due Charges owed by the shipper, the shipper hereby (a) irrevocably assigns and transfers to UPS all of the shipper's right, title and interest in and to each check or other negotiable instrument for payment of a C.O.D. that is received by UPS or its employee or agent, and (b) constitutes and appoints UPS as the shipper's attorney-in-fact and authorizes UPS, in the shipper's name, place, and stead, to endorse any such check or other negotiable instrument with the shipper's name, to deposit the same into any UPS account, and to apply the proceeds of the same against any past due Charges owed by the shipper. The shipper acknowledges and agrees that such appointment of UPS as the shipper's attorney-in-fact is coupled with an interest and is irrevocable. UPS may exercise any of its rights under this section either directly or through any employee or agent.

The shipper relinquishes, waives, and agrees not to assert any claim against UPS or any of its employees or agents, any consignee, any collecting or paying bank, or any other person or entity, that may directly or indirectly arise as a result of UPS's exercise of any of its rights under

this section Remittance of C.O.D.s. Without diminishing any of UPS's rights under the preceding sentence, the shipper agrees that UPS and such other persons or entities shall not be liable to the shipper or any other person or entity for any special, incidental, or consequential damages in any claim made with respect to UPS's exercise of any such rights.

The shipper agrees that, following UPS's application of any C.O.D. collections to any past due Charges owed by the shipper in accordance with this section, the shipper will continue to be fully liable for the payment of all remaining Charges owed by the shipper (including, without limitation, (i) any Charges that are not covered by the application of the C.O.D. collections, and (ii) any Charges relating to a previously applied C.O.D. collection that is reversed by reason of the uncollectibility of the C.O.D. check or other negotiable instrument or otherwise).

Nothing in this section shall constitute an election of remedies by UPS or any other person or entity or a waiver of any of the rights of UPS or any other person or entity under the remaining provisions of the Terms or at law or in equity.

37. UPS Rates

The applicable UPS Rates are determined on the basis of shipment and shipper characteristics, including shipment weight and size and origin to destination distance, and are subject to change. Except as otherwise stated in the Terms, all charges, fees, or surcharges shall be those set forth in the UPS Rates in effect at the time of shipping.

To determine the amount of any Charges for UPS service, consult the UPS Rates in effect at the time of shipping. The effective UPS Rates are available at www.ups.com and upon request at the local UPS office.

Shippers are responsible for providing accurate and complete shipment information in the UPS Shipping System used, including service selected, number, weight, and dimensions of shipments. If any aspect of the shipment information is incomplete or incorrect as determined by UPS in its sole discretion, UPS may adjust Charges at any time.

UPS reserves the right in its sole discretion to use any mode of transportation whatsoever to provide the service selected by the shipper. Regardless of the mode of transportation used, the effective UPS Rates for the service selected by the shipper shall apply. If, however, a shipper selects a UPS service to a destination for which only a higher level of service is available, UPS will substitute the next higher level of available service and will charge the corresponding rate for the substituted service.

37.1 Daily Rates, Standard List Rates, and Retail Rates

Daily Rates apply to UPS account holders who have a UPS Scheduled Pickup account established prior to January 3, 2011, and to UPS account holders with a customized shipping agreement that provides for Daily Rates.

Upon request, UPS will then determine whether the UPS account holder is eligible for Standard List Rates, in UPS's discretion. Any rate changes will be applied prospectively only, and no refunds or credits for charges or rates previously assessed will be issued, regardless of eligibility prior to shipment.

Shippers who do not receive Daily Rates or Standard List Rates will be charged Retail Rates.

The rate for a Large Package will be based on the greater of the dimensional weight or the actual weight, and is subject to a minimum billable rate set forth in the UPS Rates applicable to the shipment in effect at the time of the shipping.

A Large Package Surcharge (LPS) will be applied to each Large Package. Each Large Package in a multiple-package shipment may receive an LPS. LPS will not apply to Authorized Return Services UPS Ground packages, or to UPS Worldwide Express Freight shipments.

37.7 Over Maximum Limits Charge

Packages that exceed the weight or size restrictions set forth in Section 3.1 ("Items Not Accepted for Transportation") are subject to one or more of the following additional charges: Over Maximum Weight, Over Maximum Length, or Over Maximum Size. Such charges apply in addition to all other applicable charges, including but not limited to the Large Package Surcharge.

37.9 Oversize Pallet Handling Surcharge

An Oversize Pallet Handling Surcharge will apply to UPS Worldwide Express Freight[™] pallets that are Oversize. A pallet is considered Oversize when its dimensions exceed thresholds that vary by origin and destination as set forth at http://www.ups.com/media/en/oversize_pallet.pdf.

UPS Worldwide Express Freight™ pallets are also subject to maximum size restrictions (which vary by origin and destination) as set forth at www.ups.com/palletmaximums. Pallets that exceed these size restrictions are also subject to an Oversize Pallet Handling Surcharge.

38. Fuel Surcharge

UPS reserves the right to institute a fuel surcharge on some or all shipments without prior notice. This surcharge is subject to adjustment monthly. This surcharge may apply to any domestic or international transportation or other charges including, but not limited to, any accessorial charge or surcharge. The current fuel surcharge is described at ups.com.

Regardless of the mode of transportation used, the effective fuel surcharge for the service selected by the shipper shall apply. This surcharge will be applied to such services and for such periods as UPS, in its sole discretion, may determine necessary.

39. Manual Processing Charges

UPS reserves the right to assess a manual processing charge of \$0.50 per package or \$35 per week (whichever is greater) to shippers who ship packages using a UPS Shipping System that applies outdated UPS Rates until such time as the shipper upgrades the UPS Shipping System to reflect current UPS Rates.

A manual processing service charge will be assessed to each package shipped using a UPS 3 Day Select® or UPS Ground shipping document.

40. Billing Options for Domestic Shipments

Unless otherwise agreed to in writing by UPS, shipping charges will be billed to the shipper.

UPS accepts shipments for Collect billing and Third-Party billing, provided the consignee or third party has a valid UPS account number and has agreed to accept the charges. Regardless of the billing option selected, some charges including, but not limited to, address correction charges, will be billed to the shipper.

41. Billing Options for International Shipments

The amount billed includes, but is not limited to, shipping charges, duties, fees, and taxes, if applicable. Unless otherwise restricted in the origin or destination country, shippers tendering packages using a UPS Shipping System may select the payer of shipping charges, duties, and taxes as Shipper, Receiver, or Third Party. UPS accepts shipments for Receiver or Third Party billing provided the Receiver or Third Party has a valid UPS account number and has agreed to accept the charges. In the event of non-payment by the Receiver or Third Party, the shipper is liable for all charges including, but not limited to, duties, fees, and taxes.

An additional Duty and Tax Forwarding Surcharge will apply if the shipper selects a billing option in which duties and taxes are to be paid outside of the destination country.

UPS reserves the right in its sole discretion to request advance payment of shipping charges for any package sent to or from any international destination or origin.

For all shipments where the shipper is not paying the shipping charges, the shipper must notify the bill payer prior to shipping, and agree to pay all charges in the event of non-payment by the bill-to party. The shipper is liable for payment in the event of non-payment by the consignee (or receiver) or third party. All shipments must have a valid UPS billing option indicated on the UPS Shipping System entry. Regardless of the billing option selected, some charges including, but not limited to, address correction charges, will be billed to the shipper.

42. Bill My Account

UPS may provide in its sole discretion a Bill My Account service to registered shippers to allow the shipper to bill to its own account Charges incurred at UPS Customer Centers and participating Third Party Retailer locations. A processing fee for using Bill My Account may apply and may vary by shipping location. When using Bill My Account, a shipper with customized contract incentives that may otherwise apply to the account may be limited to certain maximum incentives ("Incentive Caps"). The applicable processing fee and Incentive Caps are subject to change without prior notice and are published at www.ups.com/billmyaccount. Incentive Caps and processing fees in effect at the time of shipping will apply to shipments billed using Bill My Account.

43. Disbursement Fee

To expedite customs clearance, UPS may make or process payments of duties and taxes on behalf of the payer as dictated by the billing option selected. An additional fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the payer.

44. Currency Conversion Rate

Charges to a payer's account in a foreign currency will be converted to the payer's currency using a weekly exchange rate secured through Major Money Center Banks, plus an exchange fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping.

45. Missing/Invalid Account Number or Refusal Fee

A processing fee will be charged for a missing or invalid account number when the account number, including the shipper's account number, is missing, the account number is not the correct account number for the bill-to party, the account number is for a receiver or third party who fails to pay the shipping charges, or the package is shipped to an unauthorized consignee. In the event of non-payment by the receiver or third party, the shipper will be billed a refusal fee plus the shipping charges.

46. Shipping Charge Corrections; Audit

UPS reserves the right to bill for Charges based upon the characteristics of, and services requested for, shipments actually tendered to UPS. UPS also reserves the right to audit any package, shipment and/or invoice to verify service selection, dimensions, or weight, and applicability of any Charges. As part of that audit, UPS may weigh and measure any package or shipment tendered to UPS using any method UPS deems appropriate, including but not limited to multidimensional measuring devices. UPS may in its sole discretion increase or adjust Charges based on the results of such audit. In the event that a package's or shipment's dimensions are altered during transit, UPS reserves the right to bill for Charges based on the altered dimensions.

47. Payment of Charges

Except where an alternative payment plan applies, UPS's payment terms require payment in full in advance.

UPS may provide in its sole discretion alternative payment terms to certain of its shippers. UPS, in its sole discretion, shall decide which, if any, of the alternative payment plans described below (see "Alternative Payment Plans") will be made available to the shipper.

A shipper that is not enrolled in any of the Alternative Payment Plans described below shall pay all Charges in advance of shipment, as required by UPS.

Notwithstanding any billing plan that is in effect or payment or billing option selected at the time of shipment, the shipper is ultimately liable for and agrees to pay all Charges, including in the event of insolvency, bankruptcy, non-payment, or refusal to pay by the receiver or third party.

All Charges must be paid in the lawful money of the United States of America.

If a shipper submits shipment information to UPS through a UPS Shipping System and does not subsequently tender such shipment to UPS, it is the shipper's sole responsibility to request an adjustment, as set forth below (see Section 47.1, "Invoice Adjustment"). Shippers who fail to do so will be liable for all applicable Charges.

As an accommodation to the shipper, and in UPS's sole discretion, UPS may render invoices or copies of invoices to a third party at the request of the shipper. The shipper remains responsible for the timely payment in full of all Charges owed by the shipper. By requesting UPS to render invoices or copies of invoices to a third party, the shipper is deemed to authorize the third party to act on behalf of the shipper, and UPS may rely thereon in all respects.

UPS also may in its sole discretion elect to render an invoice that includes amounts owed for services provided by UPS affiliates.

If Charges are paid by payment card, the shipper expressly authorizes UPS to assess any Charges and to obtain payment of the Charges by use of the payment card. If, for any reason, any such payment card transaction is rejected or declined, the shipper will pay to UPS a declined transaction fee of ten dollars (\$10) per incident, in addition to any late payment fees assessed by UPS and any collection costs which may be incurred by UPS in the final collection of Charges owed by the shipper. The shipper authorizes UPS to charge the declined transaction fee to the shipper's payment card account or to collect the fee directly from the shipper, at UPS's sole option.

If, for any reason, a negotiable instrument submitted to UPS as payment for Charges is returned to UPS unpaid, or an electronic request for payment is dishonored, UPS may charge the shipper a dishonored payment fee of twenty dollars (\$20) per incident, in addition to any late payment fees assessed by UPS and any collection costs which may be incurred by UPS in the final collection of Charges owed by the shipper.

UPS may provide trade credit information on its shippers to commercial reporting agencies.

47.1 Invoice Adjustment

Shippers requesting an invoice adjustment (e.g., adjustment of Charges based on an incorrect rate, billable weight, account number, failure to tender a shipment, type of service, shipping charge correction, etc.) or a refund due to a duplicate payment must notify UPS of the request within 180 days of receiving the contested invoice, or any billing dispute is waived. Notification to UPS of a request for an invoice adjustment must be made in writing using one of the following methods:

- Submit a request through UPS's online Billing Center at ups.com/billing;
- Email a request to UPS through ups.com[®]; or
- Mail a request to United Parcel Service, P.O. Box 7247-0244, Philadelphia, PA 19170-0001;

The notification to UPS must include the date of shipment, the tracking number for each disputed charge, and the reason for the disputed charge. A partial payment against an invoice is not considered a request for an invoice adjustment or notice to UPS of a disputed charge. UPS reserves the right to refuse to issue any invoice adjustment until all outstanding charges owing to UPS have been paid in full.

47.2 Alternative Payment Plans

Where UPS elects to make an alternative payment plan available to the shipper, UPS may render an invoice to the shipper on a weekly (i.e., seven days) or a monthly (i.e., four or five calendar weeks) basis. A weekly invoice will include the Charges incurred in the previous week. Notwithstanding that UPS has elected to render an invoice to the shipper on a weekly basis, an invoice may be issued only when the shipper has incurred aggregate Charges in excess of ten dollars (\$10), or when five (5) calendar weeks have elapsed from the date of issuance of the last invoice, whichever event occurs first. A monthly invoice will include the Charges incurred for the four- or five-week period for which the invoice is issued. In its sole discretion, UPS may offer one or more of the following alternative payment plans for the payment of Charges:

–Electronic Funds Transfer Plan (Debit EFT)

By written agreement with UPS, the shipper will provide UPS with the shipper's bank account number and bank routing number to enable UPS to electronically request payment, for all Charges incurred by the shipper, directly from the shipper's bank, on a weekly or monthly basis. The shipper's bank will remit the amount requested to UPS and deduct that amount from the shipper's bank account. Payments to UPS will be shown on the shipper's bank statements. The shipper is responsible for payment of any fees imposed by the shipper's bank. Additionally, the shipper will receive a weekly or monthly invoice, as applicable, except as described above, from UPS listing the services provided for the applicable billing period. If, for any reason, an electronic request for payment is dishonored, the shipper is responsible for making a timely payment directly to UPS. Past due balances will be subject to any collection costs which may be incurred by UPS in the final collection of Charges owed by the shipper. No late payment fee shall be assessed with respect to the Electronic Funds Transfer Plan.

–Monthly Prepayment Plan

By written agreement with UPS, the shipper will make a prepayment with UPS in an amount equal to four weeks' anticipated Charges as estimated by UPS. Upon notice to the shipper, the required prepayment amount may be changed by UPS at any time to reflect a revised estimate of four weeks' Charges. All prepayment amounts will remain on account with UPS. No interest will be paid or accrued on the prepayment amounts.

The Charges incurred for the applicable month will be totaled and billed to the shipper on a monthly basis. Payment is due within seven (7) days after receipt of the UPS invoice. Past due balances will be subject to a late payment fee as described below in addition to any collection costs which may be incurred by UPS in the final collection of Charges owed by the shipper.

–Weekly Prepayment Plan

By written agreement with UPS, the shipper will make a prepayment with UPS in an amount equal to four weeks' anticipated Charges as estimated by UPS. Upon notice to the shipper, the required prepayment amount may be changed by UPS at any time to reflect a revised estimate of four weeks' Charges. All prepayment amounts will remain on account with UPS. No interest will be paid or accrued on the prepayment amounts.

Shipper will receive invoices on a weekly basis, except as described above. Each invoice will list the previous period's Charges incurred. Payment for all accumulated Charges will be due within seven (7) days following the shipper's receipt of every fourth invoice; however, if prior to receiving the fourth invoice the shipper's accumulated Charges should equal or exceed the prepayment amounts on account with UPS, then the accumulated Charges will be due within seven (7) days following the shipper's receipt of the invoice requiring such payment. Past due balances will be subject to a late payment fee as described below, in addition to any collection costs which may be incurred by UPS in the final collection of Charges owed by the shipper.

–Special Payment Plan

By written agreement with UPS, the shipper may prepay an amount equal to the anticipated Charges for a period of between ten to twenty-six weeks, as estimated by UPS. The Charges actually incurred by the shipper will be deducted by UPS on a weekly basis from the prepayment amounts on account with UPS. Weekly invoices marked as paid will be forwarded to the shipper reflecting the balance of the prepayment amount on account with UPS. When the prepayment amount on account with UPS reaches the minimum balance specified in the written agreement, the shipper is required to make another prepayment for an additional period pursuant to the same agreement, or, if the shipper does not do so, the shipper must make another payment arrangement with UPS. All prepayment amounts will remain on account with UPS. No interest will be paid or accrued on the prepayment amounts. If the Charges incurred by the shipper exceed the remaining balance of the prepayment amounts on account with UPS, the excess Charges will be due within seven (7) days following the shipper's receipt of the invoice requiring such payment. Past due balances will be subject to a late payment fee as described below in addition to any collection costs which may be incurred by UPS in the final collection of Charges owed by the shipper. This payment plan alternative is available only to existing customers already approved for a Special Payment Plan.

–Credit Extension Plan

By written agreement with UPS, the shipper may elect to pay an annual credit extension fee and thereafter receive invoices for Charges incurred by the shipper on a monthly basis with no prepayment requirement. The invoices will be payable within seven (7) days following receipt by the shipper. The credit extension fee is based upon the shipper's total annual Charges, as estimated by UPS, and is subject to change annually by UPS in its sole discretion. To be eligible for the Credit Extension Plan, the shipper must use UPS's transportation services and the Credit Extension Plan solely for business, commercial, or agricultural purposes. A shipper is not eligible for the Credit Extension Plan if the shipper uses UPS's transportation services and the Credit Extension Plan for any personal, family, or household purposes. By using the Credit Extension Plan (if made available to the shipper), the shipper represents, warrants, certifies, and agrees that it will use UPS's transportation services and the Credit Extension Plan solely for business, commercial or agricultural purposes and not for any personal, family, or household purposes. Past due balances will be subject to a late payment fee as described below in addition to any collection costs which may be incurred by UPS in the final collection of Charges owed by the shipper.

–Weekly Payment Plan

Each week the shipper will receive an invoice for the previous week's Charges except as described above. The invoice is due within seven (7) days of receipt. No prepayment is required under this plan.

Past due balances will be subject to a late payment fee as described below in addition to any collection costs which may be incurred by UPS in the final collection of Charges owed by the shipper.

–Credit Card Payment Plan

The shipper may elect to pay the previous week's Charges by credit card. The shipper will receive billing detail itemized on its card statement or a weekly invoice, except as described above, from UPS listing the previous period's Charges incurred. The shipper will provide UPS with the shipper's credit information to enable UPS to process Charges incurred by the shipper on a weekly basis.

Shipper acknowledges and agrees that there may be a delay of two or more days between the date that payments are received by UPS and the date that the payments are posted and credited to the shipper's account with UPS. If a UPS remittance advice is attached to the shipper's

payment, the payment will be credited accordingly. If no remittance advice is attached to the shipper's payment, the payment will be credited to the shipper's account.

47.3 Late Payment Fee

For the Monthly Prepayment Plan, the Weekly Prepayment Plan, the Special Payment Plan, the Credit Extension Plan, and the Weekly Payment Plan, a late payment fee will be assessed if the shipper's payment is not received by UPS within fourteen (14) days of the invoice due date. Except as otherwise stated below, the late payment fee will equal six percent (6%) of the total past due balance of the shipper's invoice (including without limitation any previously assessed but unpaid late payment fees) that is fourteen (14) days past due.

In determining the late payment fee for the Monthly Prepayment Plan and the Weekly Prepayment Plan, UPS will apply the prepayment amounts on account with UPS to reduce the calculated base amount on which the late payment fee is assessed, provided that UPS will so apply the prepayment amounts to the oldest outstanding invoice first, and to each subsequent invoice thereafter, until the prepayment amounts have been fully so applied. If an invoice 14 days past due is fully so covered by the prepayment amount, no late payment fee will apply. If an invoice 14 days past due is partially so covered by the prepayment amount, the late payment fee will apply to the portion not so covered by the prepayment amount.

For the Special Payment Plan, a late payment fee will not be assessed if there has been a positive balance in the shipper's prepayment account with UPS at any time during the 27-day period immediately preceding the transmittal of the current invoice to the shipper. The late payment fee for the Special Payment Plan will be assessed on the "charges this period" of the shipper's invoice (including without limitation any previously assessed but unpaid late payment fees) that is fourteen (14) days past due.

A late payment fee will be assessed only once on each invoice that is fourteen (14) days past due. Each late payment fee will be due and payable within seven (7) days following the shipper's receipt of the invoice that first reflects the assessment of the late payment fee. The late payment fee is in addition to any collection costs that may be incurred by UPS in the final collection of Charges owed by the shipper. Neither the assessment nor the payment of a late payment fee will (a) affect the shipper's responsibility to pay all Charges owed, or (b) in any manner preclude UPS from exercising any of its rights or remedies hereunder or under applicable law.

In addition, UPS reserves the right, in its sole discretion, to refuse to honor a request for a credit or refund of transportation charges for a package when that package is not accompanied by a UPS Smart Label[®] and/or Timely Upload of PLD or when the delivery address on any address label or combined label affixed to the package does not match the delivery address on the UPS Smart Label, bar code, or PLD for the package.

UPS reserves the right to refuse any request for a credit or refund when such request is either (a) made by, or (b) based on information obtained by, a party other than the payer of the shipping charges.

49. Claims and Legal Actions

Claims against UPS must be filed within strict time limits, including as set forth in Section 47.1 ("Invoice Adjustment") regarding invoice adjustments or billing disputes; Section 49.3 ("Time Limit For Filing Claims For Loss Or Damage To Property") regarding claims for loss or damage to property; and pursuant to the UPS Service Guarantee.

All claims against UPS arising from or related to the provision of services by UPS, including, but not limited to, demands for damages, refunds, credits, and any legal or equitable relief whatsoever, shall be extinguished unless the shipper or claimant (1) timely and completely complies with all applicable notice and claims periods set forth in the Terms and in the Service Guide, including as to claims for loss or damage to property, claims under UPS's Service Guarantee, or claims for invoice adjustments; and (2) pleads on the face of any complaint filed against UPS satisfaction and compliance with those notice and claims periods as a contractual condition precedent to recovery.

Claimants may not deduct the amounts of pending claims from any charges owed to UPS, and the shipper waives any and all rights, including any statutory or common law rights, to set off the amount of any claim against charges owed to UPS.

49.1 Filing of Claims for Loss or Damage to Property

All claims for loss of or damage to property transported or accepted for transportation must: (1) be in writing (or an electronic communication) and must include reference to the Source Document or pickup record number and date of shipment or copies of other documents sufficient to identify the shipment involved, and the declared value; (2) assert the liability of UPS for alleged loss or damage; (3) make claim for payment of a specified or determinable amount of money; and (4) be accompanied by a copy of the original invoice or, if no invoice was issued, other proof, certified to in writing, as to the purchase price paid by the consignee (where the property involved has been sold to the consignee), actual cost or replacement cost of the property, or extent of the damage to the property.

A request for proof of delivery does not constitute the filing of a claim.

No claims will be voluntarily paid unless filed in writing or transmitted electronically by or on behalf of the shipper in accordance with these provisions.

49.2 Acknowledgment of Claims for Loss or Damage to Property

After receiving a proper written or electronic transmission of a claim in the manner and form and with the supporting documents described in Section 49.1 ("Filing of Claims for Loss or Damage to Property") and Section 49.4 ("Investigation of Claims for Loss or Damage to Property") herein, UPS or its designee will acknowledge the receipt of such claim in writing or electronically to the claimant within 30 days after the date of receipt, unless such claim has already been paid or denied in writing or electronically. UPS will at the time each claim is received create a separate file and assign thereto a successive claim file number and note that number on all documents filed in support of the claim and all records and correspondence with respect to the claim, including the written acknowledgment of receipt and, if in its possession, the Source Document and delivery receipts, if any, covering the shipment involved. At the time such claim is received, UPS will cause the date of receipt to be recorded on the face of the claim document, and the date of receipt will also appear on the acknowledgment of receipt sent to the claimant.

49.3 Time Limit for Filing Claims for Loss or Damage to Property

As a condition precedent to recovery, all claims for loss or damage to property must be filed in writing or electronically with UPS within the following time limits:

–For domestic shipments, claims must be filed within nine months after delivery of the package or, in case of failure to make delivery, within nine months after a reasonable time for delivery has elapsed.

–For international shipments, claims must be filed within sixty days after delivery of the package or pallet or, in the case of non-delivery, within sixty days after a reasonable time for delivery has elapsed.

–Suits shall be instituted within two years after denial of any portion of the claim. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, such claims shall be deemed waived and will not be paid.

49.4 Investigation of Claims for Loss or Damage to Property

–**Prompt Investigation.** Each claim for loss or damage to a package or shipment filed in the manner prescribed herein will be promptly and thoroughly investigated, if investigation has not already been made prior to receipt of the claim.

–**Supporting Documents.** Each claim must be supported by the following: (1) evidence of payment of the shipping and any declared value charges; and (2) either the original invoice or, a photocopy, exact copy, or extract of, the original invoice, a certification of prices or costs, with trade or other discounts, allowance, or deductions of any nature whatsoever and the terms thereof, or depreciation reflected thereon. Where the property involved in a claim has not been invoiced to the consignee shown on the bill of lading or receipt, where an invoice does not show price or cost, where the property involved has not been sold, or where the property has been transferred at bookkeeping values only, UPS will, before paying a claim, require the claimant to establish the value in the quantity shipped, transported, or involved. UPS reserves the right to request the original shipping record or Source Document.

For an asserted claim of \$1000 or more for a package shipped as a result of a request for service made through the internet, the shipper must provide a copy of the signed receipt obtained from UPS at the time of tender to support the claim.

For an asserted claim of \$1000 or more for an international UPS Returns[®] or a UPS Import Control[®] package or pallet, the signed UPS high-value shipment summary applicable to the shipment must be submitted in support of the claim.

By filing a claim and supporting documents to UPS, the claimant certifies that the claim, amount of claim, and supporting documents are true and correct.

–**Original Packaging Materials.** In the event that a claim is made for damage to a shipment, the original packaging materials must be made available to UPS or its designee for inspection.

–**Verification of Loss.** When an asserted claim for loss of an entire package or pallet or an entire shipment cannot be otherwise authenticated upon investigation, UPS will obtain from the consignee of the shipment involved a certified statement in writing that the property for which the claim is filed has not been received from UPS or from any other source. UPS reserves the right to require verification by the filing of a police report and providing a copy of the filed report to UPS in support of the claim.

49.5 Salvage

When UPS pays the actual cost, the purchase price, or the replacement cost of the property, all rights, title to, and interest in the property shall thereupon pass to UPS, and UPS reserves the right to obtain the property for salvage. Payment of a claim in such circumstances shall be contingent on UPS's receipt of the damaged property in the same condition as on the date the damage was incurred.

49.6 Disposition of Claims for Loss or Damage to Property

UPS or its designee, after receiving a written claim for property transported, will pay, decline, or make a firm compromise settlement offer in writing to the claimant within 120 days after UPS receives the claim; provided, however, that if the claim cannot be processed and disposed of within 120 days after receipt, UPS or its designee will at that time and at the expiration of each succeeding 60-day period while the claim remains pending, advise the claimant in writing of the status of the claim and the reason for the delay in making final disposition thereof and shall retain a copy of such notice to the claimant in its claim file.

No claim for loss or damage shall be paid unless a valid claim has been filed in accordance with terms set forth herein (in Section 49.1, "Filing of Claims for Loss or Damage to Property," Section 49.3, "Time Limit for Filing Claims for Loss or Damage to Property" and Section 49.4, "Investigation of Claims for Loss or Damage to Property"). UPS reserves the right to refuse to pay any claim for loss or damage to property until all outstanding charges owing to UPS have been paid in full.

50. Responsibility for Loss or Damage

UPS's liability for loss or damage to each UPS domestic package or international shipment, or to each pallet in a UPS Worldwide Express Freight™ shipment, is limited to a value of \$100, except as set forth below. Unless a greater value is recorded in the declared value field of the UPS Source Document or the UPS Automated Shipping System used, the shipper agrees that the released value of each domestic package or international shipment, or pallet is no greater than \$100, which is a reasonable value under the circumstances surrounding the transportation, and that UPS shall not be liable for more than \$100 for each domestic package or international shipment or pallet.

To increase UPS's limit of liability for loss or damage above \$100, the shipper must declare a value in excess of \$100 for each package or pallet in the declared value field of the UPS Source Document or the UPS Automated Shipping System used and pay an additional charge. The shipper cannot declare a value in excess of the maximum allowable limits set forth below. UPS shall not be liable under any circumstances for an amount in excess of the declared value of a domestic package or international shipment, or pallet. When a shipper declares a value in excess of \$100, it does not receive any form of insurance. Shippers desiring cargo insurance, all risk insurance, or another form of insurance should purchase such insurance from a third party.

The rules relating to liability established by the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw, Poland, on October 12, 1929, that convention as amended, or the Convention for the Unification of Certain Rules for International Carriage by Air (Montreal, 28 May 1999), shall apply to the international carriage of any shipment insofar as the same is governed thereby. There are no stopping places which are agreed upon at the time of tender of the shipment, and UPS reserves the right to route the shipment in any way UPS deems appropriate.

50.1 Maximum Declared Values

The maximum declared value is \$50,000 per package and \$100,000 per pallet, except for the following for which the maximum declared value may not exceed:

- \$5,000 per package for a package shipped as a result of a request for service made through the internet;
- \$500 per package for a package shipped via a UPS Drop Box;
- \$1000 per package for a package shipped via a Third-Party Retailer if such package was previously manifested in a UPS Shipping System, prior to drop off at the Third-Party Retailer or billed using Bill My Account;

–\$500 per package or pallet for international shipments containing jewelry (not including costume jewelry);

–\$1000 per package for domestic packages returned via UPS Print Return Label, UPS Print and Mail Return Label, Electronic Return Label, or 1 UPS Pickup Attempt Return Services, (including via UPS Returns® on the Web), and UPS Returns® Flexible Access;

–\$1000 per package or pallet for international shipments returned via UPS Print Return Label, UPS Print and Mail Return Label, Electronic Return Label, 1 UPS Pickup Attempt, or 3 UPS Pickup Attempt Return Services (including via UPS Returns on the Web) unless a UPS high-value shipment summary is obtained by the shipper or person tendering the package or pallet and signed by the driver upon tender of the shipment;

–\$1000 per package or pallet for international UPS Import Control® shipments unless a UPS high-value shipment summary is obtained by the shipper or person tendering the package or pallet and signed by the driver upon tender of the shipment;

–\$1000 per package for packages shipped by a Third-Party Retailer if no high-value control log was provided to UPS on tender of the package;

–\$999 per package for packages shipped via Shipper Release service;

Shippers cannot declare a value for UPS Prepaid Letters.

Declaring a value in the declared value field of the UPS Source Document or UPS Automated Shipping System used does not increase UPS's limitations of liability for, and shippers may not declare a value for, damages related to providing or failure to provide C.O.D. service, including, but not limited to: failure to collect the C.O.D. amount; failure to collect the specified form of payment; collection of an instrument in the wrong amount; failure or delay in delivering the collected instrument to the shipper; or collection of forged, insufficient funds, or otherwise invalid instruments.

Any declared value in excess of the maximums allowed in the applicable Terms or Service Guide is null and void. Acceptance for carriage of any package or shipment bearing a declared value in excess of the allowed maximums does not constitute a waiver of any provisions of the Terms or Service Guide limiting UPS's liability or responsibility for any such package or shipment.

50.2 Liability Limits

UPS's maximum liability for loss or damage to each UPS domestic package or international shipment, or to each pallet in a UPS Worldwide Express Freight™ shipment, shall not exceed the lesser of:

–\$100, when no value in excess of \$100 is declared on the Source Document or UPS Automated Shipping System used (or when a value in excess of \$100 is declared, but the applicable declared value charges are not paid);

–the declared value on the Source Document or UPS Automated Shipping System used when a value in excess of \$100 is declared and the applicable declared value charges paid;

–the purchase price paid by the consignee (where the shipped property has been sold to the consignee);

–the actual cost of the damaged or lost property;

–the replacement cost of the property at the time and place of loss or damage; or

–the cost of repairing the damaged property.

UPS's liability for shipments containing the following commodities shall be limited as follows:

–**Checks.** UPS's liability for a shipment containing a check or checks is limited to the cost of stopping payment on and reissuing the check(s), not to exceed \$100 per package or pallet. In no event shall UPS be liable for the face value of the check(s).

–**Phone Cards, Tickets, Gift Cards, and similar.** UPS's liability for a shipment containing a phone card, ticket (such as event or airline ticket), gift certificate, gift card, coupon, or other similar printed matter with an exchange value is limited to the cost (which shall not include any amount of the value attached to the card, certificate, or coupon, or similar printed matter) of replacing the physical card(s), certificate(s), or printed matter, not to exceed \$100 per package or per pallet. In no event shall UPS be liable for the face value of any phone card, ticket, gift certificate, gift card, coupon, or similar printed matter.

–**Media.** UPS's liability for a shipment containing documents, film, photographs (including negatives), slides, transparencies, videotapes, compact discs, laser discs, computer tapes, and media of similar nature is limited to the replacement cost of the media on which the content is recorded.

–**Pairs, Parts.** In the event of loss of or damage to a pair or set of articles, UPS's liability is limited to the value of that part of the pair or set which is lost or damaged, and UPS shall not be liable for the value of the whole pair or set. In the event of loss of or damage to any part of property (including any part of a machine) which, when complete for sale or use, consists of several parts, UPS shall be liable only for the value of the part lost or damaged, not to exceed the declared value of the part lost or damaged. In no event shall UPS be liable for the value of the complete item.

In the event of partial loss or damage to a pallet in UPS Worldwide Express Freight™ service, UPS shall be liable only for the value of the contents of the pallet lost or damaged, and not the value of the full pallet.

50.3 Exclusions from Liability

UPS shall not be liable or responsible for:

- loss or damage to articles of unusual value (as defined in these Terms);
- loss or damage to Prepaid Letters;
- loss or damage resulting from insects, moths, vermin, inherent vice, deterioration, dampness of atmosphere, extreme of temperature, ordinary wear and tear, or that which occurred or arose prior to or after the course of transportation by UPS;
- loss or damage resulting from improper, inadequate or unsafe packaging or wrapping that fails to meet UPS's published standards related thereto set forth in the Terms or at ups.com;
- loss or damage to Perishable Commodities to the extent the loss or damage results from exposure to heat or cold or the perishable nature of the item;
- loss or damage to human remains, fetal remains, human body parts, or components thereof;
- loss or damage to fluorescent tubes or bulbs;
- loss of, damage to, or irretrievability of data stored on any type of media, or of information including without limitation personal, health or financial information;
- loss or damage due to acts of God, natural disasters, war risks, acts of terrorism, nuclear damage, acts of public authorities acting with actual or apparent authority, acts or omissions of customs or similar authorities, authority of law, the application of security regulations imposed by the government or otherwise applicable to the shipment, riots, strikes or other labor disputes, civil unrest, disruptions in national or local air or ground transportation networks (including, but not

limited to, UPS's transportation network), disruption or failure of communication and information systems, or adverse weather conditions;

–loss or damage to any package or shipment for which UPS has no scan or other record reflecting that the package or shipment was tendered to UPS by the shipper; or

–loss or damage to any shipment containing articles that shippers are prohibited from shipping, that UPS does not or is not authorized to accept for transportation, that UPS states that it will not accept, or that UPS has a right to refuse.

UPS shall not be liable for any loss or damage arising from providing service to, or on behalf of, a person or entity that obtains such services, including the delivery of property, by trick, false pretense, or other fraudulent scheme.

UPS shall not be liable for any damages arising from UPS's inability, failure, or refusal to comply with a request to stop, return, or re-route shipment of a package after tender to UPS.

UPS shall not be liable for any interruption of service due to causes beyond UPS's control including, but not limited to: the unavailability or refusal of a person to accept delivery of the shipment, acts of God, natural disasters, war risks, acts of terrorism, acts of public authorities acting with actual or apparent authority, acts or omissions of customs or similar authorities, authority of law, insufficient information provided by a customer, Hazardous Materials packages improperly offered for transport, the application of security regulations imposed by the government or otherwise applicable to the shipment, riots, a government agency hold, strikes or other labor disputes, civil unrest, disruptions of any kind in national or local air or ground transportation networks (including, but not limited to, UPS's transportation network), disruption or failure of communication and information systems, and adverse weather conditions.

UNDER NO CIRCUMSTANCES SHALL UPS BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES INCLUDING, BUT NOT LIMITED TO, DAMAGES ARISING FROM LOSS, MISDELIVERY OF, OR DAMAGE TO PROPERTY, DELAYED DELIVERY, OR FAILURE TO ATTEMPT DELIVERY IN ACCORDANCE WITH THE UPS SERVICE GUARANTEE, WHETHER OR NOT UPS HAD KNOWLEDGE SUCH DAMAGES MIGHT BE INCURRED. UNDER NO CIRCUMSTANCES SHALL UPS BE LIABLE FOR ANY DAMAGES WHATSOEVER FOR DELAYED DELIVERY, EXCEPT AS SPECIFICALLY PROVIDED FOR SHIPMENTS MADE UNDER THE UPS SERVICE GUARANTEE.

Acceptance for carriage of any shipment containing articles that shippers are prohibited from shipping, that UPS does not or is not authorized to accept for transportation, that UPS states it will not accept, or that UPS has a right to refuse, does not constitute a waiver of any provisions of the Terms or Service Guide limiting UPS's liability or responsibility for any such package or shipment.

51. Shipper Indemnification

The shipper agrees to indemnify, defend, and hold harmless UPS, its parent corporation, and affiliated companies, their officers, directors, employees, agents, and their successors and assigns, from all claims, demands, expenses, liabilities, causes of action, enforcement procedures, and suits of any kind or nature brought by a governmental agency, or any other person or entity, arising from or relating to the shipper's noncompliance with governmental laws or regulations applicable to the shipment or UPS requirements applicable to the shipment, from shipper's tendering any prohibited item for shipment, or from shipper's failure to comply with the Terms.

52. Data Protection

The shipper agrees that UPS and other companies in the UPS group of companies worldwide, including companies in countries that may not have the same level of data protection as the

Hazardous Materials and International Dangerous Goods

UPS will accept domestic Air Dangerous Goods shipments prepared under D.O.T. 49 C.F.R. or the International Air Transport Association (IATA) regulation sets. The domestic Hazardous Materials and International Dangerous Goods functionality is integrated into the current version of WorldShip®. Contact the Hazardous Materials Support Center at 1-800-554-9964 for more information.

Select Hazardous Materials, as defined and regulated under Title 49 of the Code of Federal Regulations (49 C.F.R.), and Dangerous Goods, as defined under the International Civil Aviation Organization (ICAO) and published in the IATA [Dangerous Goods Regulations](#), are accepted for transportation only as a contractual service domestically within and between all 50 states and Puerto Rico, and internationally within or between defined service areas.

Setting Up Service for Hazardous Materials and Dangerous Goods

To receive Hazardous Materials or Dangerous Goods service, including UPS Standard™ to Canada, the shipper must have a Scheduled Pickup account and agree to the provisions set forth in the online UPS Dangerous Goods Agreement Checklist or an approved prior domestic or international agreement, or have these same provisions incorporated into their existing customized contract.

Alaska, Hawaii, Puerto Rico and Catalina Island

UPS does not accept hazardous materials, including Consumer Commodities, Other Regulated Materials for Domestic Transport Only (ORM-D), Limited Quantities and combustibles, via UPS Ground Service to and from Alaska, Hawaii, Puerto Rico and Catalina Island. Many products that are not

regulated or do not require shipping papers via UPS Ground are fully regulated when transported via aircraft. Hazardous Materials are accepted for transportation via UPS air to and from Alaska, Hawaii, Puerto Rico and Catalina Island only in passenger aircraft quantities (some class 9 exceptions are listed in the UPS Chemical Table) and prepared according to the requirements set forth in either Title 49 of the Code of Federal Regulations (49 C.F.R.) or in the IATA regulations and the [UPS Guide for Shipping Ground and Air Hazardous Materials](#) at ups.com/hazmat.

UPS 3 Day Select®

When preparing Hazardous Materials packages for UPS 3 Day Select, packages must be prepared in accordance with the applicable air regulations. Many products that are not regulated or do not require shipping papers via UPS Ground are fully regulated when transported via aircraft. Packaging Guidelines

PACKAGE

Visit the Packaging Advisor to create a customized list of packaging guidelines specific to you at [ups.com/packaging](https://www.ups.com/packaging).

Shipping Checklist

Make sure you:

- Use a rigid box with flaps intact.
- Remove old labels, Hazardous Materials indicators and other previous shipment markings.
- Use the Box Strength Guidelines chart to determine the proper strength of your shipping container.
- Use adequate cushioning material.
- Use strong tape designed for shipping.
- Do not use string or paper over-wrap.
- Use a single address label that has clear, complete delivery and return addresses.
- Place a duplicate address label inside the box.

Step-by-Step

These four steps cover the key considerations in packing most articles to help allow for safe transport through the distribution environment.

1. Use a corrugated box.

Use a new or "almost new" corrugated box. The more a box is used, the more it loses its original protective qualities and may not adequately protect your shipment. If you must reuse a box, make sure it is rigid and in excellent condition with no punctures, tears, rips or corner damage, and that all flaps are intact. Shoe boxes, gift boxes or other paperboard boxes are not recommended. Remove old address labels and Hazardous Materials indicators such as diamond labels and markings, as well as delivery markings and barcodes from the previous shipment.

UPS recommends choosing a box strength that is suitable for its contents, based on the Box Strength Guidelines. Never exceed the maximum gross weight limit for the box, which is printed on the Box Maker's Certificate on the bottom flap of most boxes.

After years of testing and analysis, engineers at the UPS Package Design and Test Lab have developed box strength specifications for single-package distribution. Refer to the chart below for recommendations in determining the proper size and maximum gross weight limit of a box.

How to use the Box Strength Guidelines chart (see below):

1. Weigh items to be shipped. (A double-wall corrugated container should be used for any item(s) weighing more than 80 pounds.)

| Box Strength Guidelines | | | |
|------------------------------------------------------|--------------------------------------------------|---------------------------------------------|-------------------------------------------------------|
| A Maximum Weight of Box and Contents (lbs.) | B Size Limit of Box (inches)* L + W + H | C Bursting Test (lbs. per sq. in.) | D Edge Crush Test (ECT) (lbs. per in. width) |
| SINGLE-WALL CORRUGATED CONTAINERS | | | |
| 30 | 75 | 200 | 32 |
| 40 | 75 | 200 | 40 |
| 50 | 85 | 250 | 44 |
| 65 | 95 | 275 | 55 |
| 80 | 105 | 350 | N/A |
| DOUBLE-WALL CORRUGATED CONTAINERS | | | |
| 60 | 85 | 200 | 48 |
| 80 | 95 | 275 | 51 |
| 100 | 105 | 350 | 61 |
| 120 | 110 | 400 | 71 |
| 140 | 115 | 500 | 82 |
| 150 | 120 | 600 | N/A |

The above box strengths are only guidelines to help assure the containment and protection of products transported through single-package distribution environments. They are not to be considered packaging specifications, and all packaged products should be tested in accordance with the International Safe Transit Association (ISTA) Test Procedure 3A to ensure the most appropriate level of product protection is achieved.

*The size limits on the above chart refer to the maximum size of a box that can be manufactured based on the strength of the corrugated material. The size limits specified in this chart and on the Box Maker's Certificate are unrelated to length and girth measurements used by UPS for dimensional measurements. Refer to page 28 for how to calculate dimensional measurements.

Packaging Guidelines

PACKAGE

Step-by-Step (continued)

2. Measure and add together the length, width and height of the box.

3. Select the appropriate row where the criteria in both columns A and B are met.

4. Use column C to identify the recommended Bursting Test strength box. Or, use column D to identify the recommended Edge Crush Test strength box. At least one of these specifications can be found on the *Box Maker's Certificate*.

To prepare packages for UPS shipment, you can use your own packaging or one of a variety of containers provided free of charge that can be used with certain, selected UPS services. Customers with a UPS account can request supplies, free of charge, by selecting "Order Supplies" from the left side of the ups.com® homepage or by calling 1-800-PICK-UPS®.

2. Provide internal protection.

Proper cushioning material, combined with a strong outer container, will protect your shipment.

Visit the Packaging Advisor online at ups.com/packaging for additional information.

3. Close it securely.

Proper closure is just as important as adequate cushioning.

Do not use masking, cellophane, duct or water-activated paper tapes. Also, do not use string or paper over-wrap.

Visit the Packaging Advisor online at ups.com/packaging for additional information.

4. Use proper labeling.

For timely and accurate delivery, keep these points in mind when labeling your package:

– Always include the receiver's complete address and ZIP Code™. For international shipments, include a contact name, telephone number and postal code.

– Make every effort to obtain a street address. If you do use a P.O. Box address, the recipient's telephone number *must*

be included on the label. A package addressed to a P.O. Box may experience delays and will not be covered by any UPS Service Guarantee. An Address Correction charge also will apply. Refer to page 76 or 141 for fees. Army Post Office (APO) and Fleet Post Office (FPO) addresses are not accepted by UPS.

– Include the suite, apartment or unit number, if applicable. Failure to do so may subject the shipper to an Address Correction charge.

– Always include your complete return address with full street address and ZIP Code. For international shipments, include a contact name, telephone number and postal code.

– Place the shipping label on the top of the box. To avoid confusion, place only one address label on the box. If using a packing slip, place it on the same surface of the box as the address label.

– Do not place the label on a seam, edge, closure or on top of sealing tape.

– Remove or cross out old labels or markings.

– Place a duplicate label or other form of address information inside the package.

– If using a mailing tube, place the label horizontally, with the sides of the label pointing toward the ends of the tube, so the barcode can be scanned. If labeling an irregularly shaped item, make sure the label is placed on a flat surface to allow for scanning.

– The UPS Smart Label® produced by WorldShip®, UPS Internet Shipping, UPS CampusShip®, the UPS Developer Kit and a UPS Ready® solution includes barcodes and routing codes that help ensure accurate routing and prompt delivery of your shipments. In addition, the use of UPS Smart Labels allows for fast access to tracking and delivery information.

– UPS does not provide special handling for packages with "Fragile," package orientation (e.g., "Up" arrows or "This End Up" markings) or any other similar markings.

Visit the Packaging Advisor online at ups.com/packaging for additional information.

Note: For any additional assistance with packing fragile objects, contact the UPS Package Design and Test Lab at 1-877-877-7229.

Special Packaging Needs

PACKAGE

If you ship the following items, consider their special packaging needs.

Batteries

A variety of batteries are regulated as hazardous materials by the U.S. Department of Transportation (DOT). For assistance in determining whether or not your battery shipment is regulated, please call the DOT's Hazardous Materials Info-line at 1-800-467-4922. Batteries requiring shipping papers may only be tendered by contract hazmat shippers. (See the [UPS Guide for Shipping Ground and Air Hazardous Materials](#) at ups.com/hazmat.) Any device with batteries installed must have their on/off switch protected from being activated, or have the batteries removed with the terminals protected. Simple devices like flashlights or rechargeable drills can generate a dangerous amount of heat if accidentally activated. Electronic items sent for repair, such as computers and cell phones, should be sent without batteries. For additional information regarding the shipment of batteries, please go to ups.com® and enter "Batteries" in the search field.

Bundled or Strapped Boxes

Only same-sized boxes may be strapped together. Use a minimum of four crisscrossed bands, two in each direction. An address label must be placed on each box. When strapping boxes together, each box must be strong enough to hold the total weight of the strapped bundle. For example, if two 15-pound boxes are banded together into a 30-pound package, both components should be in boxes with at least a 30-pound weight capacity. An Additional Handling charge may apply. Refer to page [76](#) or [141](#) for more information.

Electronic Media

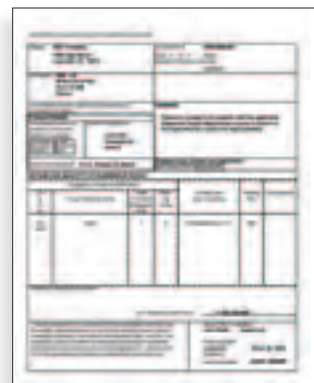

To ship electronic media that contain sensitive personal information (such as personal financial or health information), we recommend that you do not use an envelope, letter packaging, UPS Express® Envelope, UPS Express Envelope – Reusable, UPS Express® Pak or UPS Express® Pad Pak. UPS provides special packaging, the UPS Express® Hard Pak – Secure, which is designed to help you ship sensitive electronic media. Call 1-800-PICK-UPS® or your sales representative for more information. You can also ship electronic media containing sensitive personal information by packaging it with a duplicate shipping label in an inner container that can be securely sealed. Place the inner container in a new outer corrugated box. Seal all flaps securely. Prior to packaging, mark the electronic media with identifiable information such as your company name, reference number or your UPS shipping number. Additionally, the shipper should retain a copy of the data and secure the data on the electronic media through encryption or other technological means.

Fabric and Wallpaper

Rolled goods travel best when shipped in corrugated boxes. If a fabric or wallpaper roll is shipped in a bag, UPS recommends a bag with a minimum thickness of six mils. Make sure the bag is tightly wrapped and taped against the roll to reduce the risk of tearing. A tail on an item shipped in a bag must be compressed to the body of the item using tape. Place the address label on a flat surface of the item being shipped. Place duplicate address labels inside cores or between top layers of material. An Additional Handling charge may apply. Refer to page [76](#) or [141](#) for more information.

Hazardous Materials and Dangerous Goods

Please refer to pages [77](#) and [142](#) for service restrictions related to shipping Hazardous Materials and Dangerous Goods. For shipments of UN3373 Category B biological substances, triple packaging is required. (See 49 C.F.R. 173.199 for domestic shipments and IATA Packing Instruction 650 for international shipments.) For additional information on this contract-only service, refer to the [UPS Guide for Shipping Ground and Air Hazardous Materials](#) or [UPS Guide for Shipping International Dangerous Goods](#) at ups.com/hazmat.

Special Packaging Needs

PACKAGE

Irregularly Shaped Items and Bare Metals

Tape the address label on a flat surface of the item being shipped. Cover the label with clear tape. Do not use “flying tags” attached by string or metal. Blunt all sharp or protruding edges with taped-on, corrugated cardboard pieces. Protect the surface of the item as needed. An Additional Handling charge will apply. Refer to page [76](#) or [141](#) for more information.

Large and/or Heavy Packages

Packaging materials need to be evaluated carefully for packages weighing more than 70 pounds.

A UPS Heavy Package sticker is required whenever you ship packages weighing more than 70 pounds. Place the sticker to the right of the address label and write the package's weight in the white box. It also helps to highlight every side of your package with Heavy Package highlight tape. This sends a warning to those who risk lifting your package, both your employees and ours. Customers with a UPS account can request supplies, free of charge, by selecting “Order Supplies” from the left side of the ups.com® homepage or by calling 1-800-PICK-UPS®. An Additional Handling charge will apply. Refer to page [76](#) or [141](#) for fees.

Tires

Apply a wide band of pressure-sensitive tape through the center and completely around the body of the tire so that the tape is attached to itself. Attach your address label to the tape band where it covers the tread. Cover the entire label with clear tape. An Additional Handling charge will apply. Refer to page [76](#) or [141](#) for more information.

Packaging Guidelines

UPS WORLDWIDE EXPRESS FREIGHT™, AIR FREIGHT AND LESS-THAN-TRUCKLOAD

Preparing Your Freight Shipment

UPS Worldwide Express Freight

UPS Worldwide Express Freight is for palletized shipments. Pre-authorization is required for all UPS Worldwide Express Freight shipments over 4,400 pounds. For UPS Worldwide Express Freight, scheduling a pickup or drop-off is required on all shipments through WorldShip®, UPS Internet Shipping, UPS CampusShip®, a UPS Ready® solution, UPS Developer Kit, ups.com® or by calling 1-800-782-7892.

Air Freight and LTL

Air Freight and LTL shipments can include combinations of palletized

items or boxes that are too large to ship using other UPS services. Air Freight and LTL can also include multiple non-palletized pieces. UPS will accept freight shipments of any weight. However, minimum weight charges apply. Pre-authorization is required for Air Freight shipments that exceed 120 inches in length, 84 inches in width, 76 inches in height or 5,000 pounds in weight.

Palletized Freight

Palletizing freight helps multiple-piece shipments remain together and provides increased protection from damage.

Each pallet, including its contents, is considered one piece.

Non-Palletized Freight

Loose items, such as boxes or containers that have not been secured to a pallet, are considered non-palletized freight. Each loose item is considered one piece and can be shipped via Air Freight or LTL services.

Palletizing Your Shipment

UPS Worldwide Express Freight, Air Freight and LTL

Pallets are portable rigid platforms used to consolidate shipments and allow for ease of freight movement. Quality pallets are commonly made of either wood or plastic and can weigh between 20 and 70 pounds. Pallets

should be large enough to accommodate the shipment without overhang. Anything overhanging the pallet edges may be damaged from punctures, abrasions and compression.

UPS Worldwide Express Freight shipments must be palletized, stackable,

able to be lifted by forklift, and shrink-wrapped or banded to the pallet. For Air Freight shipments, if your non-palletized shipment does not meet the minimum billable weight per piece, consider palletizing prior to UPS pickup.

Step-by-Step

The following are basic step-by-step instructions for palletizing your freight for UPS Worldwide Express Freight, Air Freight and LTL shipments.

1. Select Pallets.

- Choose pallets large enough to prevent overhang of shipment pieces
- Pallets must be sturdy enough to support the load
 - Select pallets with closely spaced pallet deck boards
 - Never exceed the rated capacity of your pallet
- Do not select pallets with broken boards or protruding nail heads

Palletizing Your Shipment

1. Select a four-way entry pallet for your freight shipment.

2. Stack boxes in columns. Avoid placing freight beyond pallet edges.

3. Use strapping with stretch wrap to secure boxes to the pallet.

- Pallets with four-way forklift entry are preferred as they help to improve handling and reduce damage to the shipment

2. Stack Boxes on Pallet.

For shipments that contain boxes or stackable pieces:

- Ensure cartons are new and of proper strength to withstand stacking

Many [locations of The UPS Store](http://theupsstore.com)® can handle LTL freight packaging and shipping for you. Visit theupsstore.com for more information.

Packaging Guidelines

UPS WORLDWIDE EXPRESS FREIGHT™, AIR FREIGHT AND LESS-THAN-TRUCKLOAD

Step-by-Step (continued)

- Securely close, staple and/or seal cartons
- Protect product from internal vibration with proper amounts of dunnage within cartons; no void areas/spaces between product or on top of carton
- Remove old labels from shipping cartons and product
- Affix labels with complete address information for the shipper and the consignee, to each piece
- Align boxes in columns, corner to corner, for the greatest stacking strength
- Avoid interlocking or rotating layer patterns
- Do not align corners over the spaces between pallet deck boards
- Boxes should not extend past the pallet edges
- Do not pyramid the boxes; keep the top layer flat to prevent damage from top loads

- Use a slip sheet under the load and every third layer when possible to help distribute the weight evenly and protect the bottom layer

3. Secure Shipment to Pallet.

- Use a minimum of 60 gauge stretch wrap, five revolutions recommended; tie to pallet and across top to prevent shifting
- For Air Freight and LTL, label all handling units with shipper/consignee information and PRO Numbers (at minimum all four vertical sides, interior and exterior of the stretch wrapping); use markers if having adhesion issues
- To ensure stability corner boards and banding are recommended
- Use three-way locking - nailed corners (not staples) on crates; angle board must extend from the deck board to the top of the pallet load
- Insert layers of cardboard between layers of freight to absorb vibration; distribute the weight evenly

4. Label Shipment.

- For UPS Worldwide Express Freight, apply labels to each side of the pallet and on top of the pallet. Each label should have telephone numbers and complete address information, including postal code of the shipper and the consignee
- For Air Freight, label each pallet with telephone numbers and complete address information, including postal code of the shipper and the consignee
- Ensure information on the Bill of Lading (BOL) matches the shipment
- Indicate in proper location on the BOL and check contract/tariff for liability limits if excess declared value is needed
- Do not pyramid, ship or accept prohibited items or freight that overhangs the pallet

Protecting Your Palletized Shipment from Damage

| Corner/Edge Boards | <ul style="list-style-type: none"> - Increase vertical stacking strength, prevent damage to corner edges and stabilize the load. - Should extend to the full height and length of the load and should be used on all corners. |
| Strapping or Banding | <ul style="list-style-type: none"> - Prevents pieces from getting lost or separated from the load. - Should be drawn tightly to the load, possibly requiring running it underneath the top deck boards of the pallet. |

Packaging Guidelines

UPS WORLDWIDE EXPRESS FREIGHT™, AIR FREIGHT AND LESS-THAN-TRUCKLOAD

Preparing Non-Palletized Freight

If you do not plan to secure your shipment to pallets, follow the steps below for Air Freight and LTL services. UPS Worldwide Express Freight does not accept non-palletized freight shipments.

1. Ship freight in corrugated boxes (avoid reusing boxes), crates or shipping containers.

2. Use a container strong enough to support the weight of contents.

3. Use at least two inches of appropriate cushioning material to protect internal items from each other and the corners, sides, top and bottom of containers. Appropriate cushioning material would include corrugated fiberboard, multiple layers of folded newspaper, styrofoam sheets, packing blankets, etc.

4. Reinforce edges to protect from bending.

5. Securely seal closures and seams with reinforced tape.

6. Label each piece with telephone numbers and complete address information, including postal code of the shipper and the consignee.

Preparing for Pickup

Air Freight and LTL

Pickup is available for all Air Freight and LTL services. Your freight pickup request is initiated when you Create a Shipment for freight on [ups.com](https://www.ups.com)®, WorldShip® or My LTL Freight.

Some Air Freight shipment pickup requests require pre-authorization.

How to Label Air Freight and LTL Shipments

Each piece of palletized or non-palletized freight must be clearly marked with telephone numbers and complete address information, including postal code of the shipper and the consignee. Indicate on freight labels if any pieces require C.O.D. service.

Determine the Weight and Size

PACKAGE

For All Domestic and International Shipments

The Determine the Weight and Size information on this page and the next page are for package shipments only. For information on how to determine the weight and size for UPS Worldwide Express Freight™ refer to page 29.

Shipping rates are based on package weight and size (explained below and on the following page) and origin-to-destination distance (refer to page 39 for Domestic, page 81 for Export and pages 112 and 113 for Import).

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

How to determine billable weight.

1. Determine actual weight.

Actual weight is the package weight rounded up to the next whole pound.

Use a scale to determine the weight of the package. Round any fraction of a pound to the next whole pound for Express Envelopes (letters) over eight ounces and all other packages.

2. Determine dimensional weight.

Dimensional weight reflects package density, which is the amount of space

a package occupies in relation to its actual weight. Dimensional weight may apply to all UPS domestic and international package services.

Determine the package dimensions in inches. For each dimension, measure at the longest point, rounding each measurement to the nearest whole number (for example, 1.00 to 1.49 will be considered 1, and 1.50 to 1.99 will be considered 2).

Multiply the package length by the width by the height. The result is the cubic size in inches.

For domestic shipments:

UPS Air Services shipments –

Divide the cubic size in inches by 166 to determine dimensional weight in pounds. Increase any fraction to the next whole pound.

UPS Ground shipments – If the cubic size of the package in inches is 5,184 or larger, divide the cubic size by 166 to determine dimensional weight in pounds. If the cubic size in inches is less than 5,184, use the actual weight of the package.

For international shipments:

For export shipments, divide the cubic size by 139 when measured in inches to determine the dimensional weight.

Increase any fraction to the next whole pound.

For import shipments, divide the cubic size by 139 if measured in inches, or by 5,000 if measured in centimeters, to determine the dimensional weight. To convert metric measurements into pounds, multiply the result by 2.20462. Any fraction of a pound will be calculated at the next highest rate.

For import shipments by way of UPS Standard™ from Canada, divide the cubic size by 166 if measured in inches or by 6,000 if measured in centimeters.

For UPS Standard to Canada shipments –

If the cubic size of the package is 5,184 cubic inches or greater, divide the cubic size by 139 when measured in inches to determine the dimensional weight. Increase any fraction to the next whole pound.

3. Determine billable weight.

Compare the package's actual weight to its dimensional weight. The greater of the two is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

PACKAGE

For All Domestic and International Shipments (continued)

Additional Information on Determining Weight and Size.

– **Letter rates** apply for domestic and international documents, correspondence and electronic media shipments that do not exceed eight ounces sent in an Express Envelope. Domestic and International letters less than or equal to eight ounces will be billed the Letter rate. Domestic letters greater than eight ounces will be billed by weight (rounded up to the next whole pound). International letters greater than eight ounces and less than two pounds will be billed at special Pak rates.

International shipments sent in a UPS Pak that weigh two pounds or less and do not exceed \$100.00 in declared customs value qualify for the Pak rate.

– Irregularly Shaped Packages:

If the package has a bulge or is irregularly shaped, measure the length, width and height of the package at its extreme points, which may include the bulge or irregular aspects of the package.

Treat the irregularly shaped package as if it were in a regular rectangular box. Measure the length, width and height of the package from its extreme points.

– Items Shipped in Bags:

Shape – When multiple items are shipped in a flexible container (e.g., burlap or plastic bag), the package measurements will be determined when the exterior is at rest. As this shape will differ from placement to placement, cubic size or package measurements will be made at the sole discretion of UPS.

Tails – A tail on an item shipped in a bag should be measured for the amount of space it takes up in a reasonably compressed fashion. Any tail that is created by placing an item in a bag must be compressed and taped to the body of the item.

– Packages that exceed UPS weight and size limits are not accepted for transportation. If found in the UPS system, they are subject to an Over Maximum Limits charge. Refer to page [78](#) or [142](#) for more information. For Maximum Weight service restrictions, refer to page [15](#). For shipments over 150 pounds, refer to pages [68](#) and [69](#) for Air Freight.

– A **Large Package Surcharge** may apply to domestic and international shipments.

A package is considered a “Large Package” when its length plus girth $[(2 \times \text{width}) + (2 \times \text{height})]$ combined exceeds 130 inches, but does not exceed the maximum UPS size of 165 inches.

Large Packages are subject to a minimum billable weight of 90 pounds. An Additional Handling charge will not be assessed when a Large Package Surcharge is applied.

– Shippers are responsible for providing accurate and complete shipment information on the shipping document or in the automated processing system used, including service selected, number, weight and dimensions of packages. UPS reserves the right to audit any package and/or invoice to verify service selection, package dimensions or weight and applicability of any charges. As part of that audit, UPS may weigh and measure any package tendered to UPS using any method UPS deems appropriate including, but not limited to, multi-dimensional measuring devices. If any aspect of the shipment information provided by the shipper is incomplete or incorrect as determined by UPS in its sole discretion, UPS may adjust charges at any time.

Follow the instructions on this page and the previous page to determine the billable weight for your package shipments. Refer to page [29](#) for UPS Worldwide Express Freight™.

Notes:

- Size limits indicated by a box manufacturer may not reflect exterior dimensions of a package, including where a package may have bulges or otherwise may not be uniform across each plane, and should not be used as a substitute for actual length, width and height measurements in determining dimensional weight.
- Improper packaging may result in the alteration of a package's dimensions during transit which can affect the package's dimensional weight and result in a shipping charge correction.

UPS WORLDWIDE EXPRESS FREIGHT™

For International Palletized Shipments

Shipping rates are based on the shipment weight, including the weight of the pallet, and size and origin-to-destination distance (refer to page 81 for Export and page 112 for Import).

Billable weight is the weight used to calculate the rate. The billable weight will be the greater of the dimensional weight as compared to the actual weight.

How to determine billable weight.

1. Determine actual weight.

Actual weight is the weight of the items on the pallet and the weight of the pallet, rounded up to the next whole pound.

Use a scale to determine the weight. Round any fraction of a pound to the next whole pound.

2. Determine dimensional weight.

Dimensional weight reflects pallet density, which is the amount of space a pallet occupies in relation to its actual weight. Dimensional weight

3. Determine billable weight.

Compare the pallet's actual weight to its dimensional weight. The greater of the two is the billable weight and should be used to calculate the rate.

Additional Information on Determining Weight and Size.

– Pallets that exceed maximum size or weight restrictions (which vary by origin and destination) as set forth at ups.com/palletmaximums are not accepted for transportation. If found in the UPS system, they are subject to an Oversize Pallet Handling Surcharge. Refer to page 143 for more information.

– An Oversize Pallet Handling Surcharge will also apply to UPS Worldwide Express Freight when a pallet's dimensions exceed thresholds that vary by origin and destination as set forth at [UPS Worldwide Express Freight Pallet Dimensions Resulting in the Oversize Pallet Handling Surcharge](#). Refer to page 143 for more information.

$$\left[\begin{array}{c} \text{Dimensional Weight} \\ \text{in Pounds} \end{array} \right] = \frac{L \times W \times H}{139}$$

L = Length in inches

W = Width in inches

H = Height in inches

Billable Weight Calculation

Customer has a shipment with 3 pallets weighing 600 pounds, 800 pounds and 1,000 pounds. All pallets are the same size with the following dimensions: 48 in. x 40 in. x 60 in.

1. Determine actual weight.

Actual Weight = 600 lbs. + 800 lbs. + 1,000 lbs. = 2,400 lbs.

2. Determine dimensional weight.

Pallet Dimensional Weight = $\frac{48 \text{ in.} \times 40 \text{ in.} \times 60 \text{ in.}}{139}$ = 829 lbs.

Shipment Dimensional Weight = 829 lbs. + 829 lbs. + 1,000 lbs. = 2,658 lbs.

3. Determine billable weight.

Shipment Billable Weight = 2,658 lbs.

How to Determine Billable Weight*

Compare the freight shipment's minimum billable weight, actual weight and dimensional weight. The greatest of the three is the billable weight and should be used to calculate the rate.

1. Determine minimum billable shipment weight.*

– Minimum billable weight for loose items is the greater of 151 pounds or the number of pieces multiplied by 20 pounds.

| Service | Minimum Weight per Piece | Minimum Weight per Shipment |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|-----------------------------|
| UPS Next Day Air® Freight, UPS Next Day Air® Freight NGS, UPS 2nd Day Air® Freight, UPS 2nd Day Air® Freight NGS, UPS 3 Day Freight®, UPS 3 Day Freight® NGS | 20 Pounds | 151 Pounds |

2. Determine actual weight and round up any fraction of a pound or kilo to the next whole pound or kilo.

3. Determine dimensional weight.

For each dimension, measure at the longest point, rounding each measurement to the nearest whole number. Multiply the shipment length by the width by the height. The result is the cubic size. Divide the cubic size by the dimensional weight factor located in the matrix below to determine the dimensional weight.

| Service | Origin | Destination | Dimensional Weight Factor (Inches/Pounds) | Dimensional Weight Factor (Centimeters/Kilos) |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|-----------------|----------------------------------------------|--------------------------------------------------|
| UPS Air Freight Direct®, UPS Air Freight Consolidated® | All | All | 166 | 6,000 |
| UPS Next Day Air Freight, UPS Next Day Air Freight NGS, UPS 2nd Day Air Freight, UPS 2nd Day Air Freight NGS, UPS 3 Day Freight, UPS 3 Day Freight NGS | U.S. | U.S. and PR | 166 | 6,000 |
| | PR | U.S. and PR | | |
| UPS Next Day Air Freight, UPS Next Day Air Freight NGS, UPS 2nd Day Air Freight, UPS 2nd Day Air Freight NGS, UPS 3 Day Freight, UPS 3 Day Freight NGS | CA | PR, CA and U.S. | 139 | 5,000 |
| | U.S. | CA | | |
| | PR | CA | | |

To convert metric measurements into pounds, multiply the result by 2.20462. To convert imperial measurements into kilos, multiply the result by 0.453592. Increase any fraction to the next whole pound or kilo.

The chart below provides examples of billable weight calculations.

*The minimum billable shipment weight applies to all Air Freight services within and between the U.S., Canada and Puerto Rico. For UPS Air Freight Direct and UPS Air Freight Consolidated, a minimum shipment dollar amount is applied. Refer to the "UPS Air Freight Terms and Conditions of Contract for UPS Air Freight Services in the United States, Canada and International" at ups-scs.com/terms for more information or call 1-800-443-6379.

**The minimum billable weight of 20 pounds per loose piece applies to Air Freight within and between the U.S., Canada and Puerto Rico only. If your non-palletized shipment does not meet the minimum weight of 20 pounds per piece, consider palletizing. Palletizing will ensure your shipment does not fall below the per-piece minimum billable charge.

†Pallet billable weight is equal to the shipment weight (315 pounds) plus the weight of a pallet (approximately 40 pounds). Note: Each pallet with its secured contents is entered as one piece.

Documenting an International Shipment

PACKAGE

Visit ups.com/intl_forms to download blank copies or view sample versions of invoices, certificates and/or declaration documents.

UPS uses export and import documents you prepare to properly declare your shipment to customs in both the country of export and the country of import. The documents and information are used to determine various export and import reporting requirements. This documentation may include:

- A commercial invoice.
- U.S. Electronic Export Information (E.E.I.), formerly known as Shipper's Export Declaration (S.E.D.). Please see ups.com/sedguide for more detail.
- A Power of Attorney.
- A U.S. Certificate of Origin or a North American Free Trade Agreement (NAFTA) Certificate of Origin.
- Other documents based on value, nature and destination of shipment.

Visit ups.com/intl_forms to download a blank document or view a sample of a completed document.

Document Shipments:

A document is generally defined as a written, typed or printed communication of no commercial value. Visit ups.com/importexport or call 1-800-782-7892 for a list of items that are classified as documents in your destination country. International documents shipped in an Express Envelope or in any other packaging generally do not require a commercial invoice or any other export forms. All documents to Canada except those shipped in an Express Envelope are subject to duties and taxes.

Non-document Shipments:

International shipments containing items other than documents typically require one original and two copies of a commercial invoice in addition to the UPS shipping label. Packages

destined for Puerto Rico require one original and one copy of a commercial invoice in addition to the UPS Air Shipping Document. Please visit ups.com/importexport or call 1-800-782-7892 for specific country requirements. In addition to the commercial invoice, you may need to include a U.S. Certificate of Origin, NAFTA Certificate of Origin or E.E.I., based upon the guidelines below.

UPS Paperless® Invoice – UPS Paperless Invoice allows shippers to provide invoice and commodity-level detail through electronic data upload to UPS, thus eliminating the need to print commercial invoices for international shipments.

Because information is stored electronically, the risk of making manual errors when completing this customs documentation is dramatically reduced. With UPS Paperless Invoice, you can be assured that the program will not allow incomplete commercial invoices to be submitted, which is one of the main reasons that shipments can be held prior to export or import, causing delays.

For additional information, please visit ups.com/paperlessinvoice. 

Commercial Invoice – A commercial invoice is required for all shipments containing goods. The commercial invoice is the primary document used for import control, valuation and duty determination. The document identifies the products being shipped and their commercial values (i.e., generally the sales price between the shipper and its customer).

U.S. Certificate of Origin – This form may be required by some importing countries for certain commodities.

Please see the list of countries which may require a U.S. Certificate of Origin at ups.com/importexport or call 1-800-782-7892. The purpose of the form is to authenticate that the goods are wholly produced or substantially transformed in the U.S. UPS can prepare a U.S. Certificate of Origin based on information from the shipper. Refer to page 136 for fees and more information.

NAFTA Certificate of Origin – This form is used by Canada, Mexico and the U.S. (including Puerto Rico) to determine if goods imported into their countries are products of one of the NAFTA countries and eligible for duty free or reduced duty treatment. To receive the benefits of reduced duty, you must attach the NAFTA Certificate of Origin to the commercial invoice if you have determined your commodity qualifies as a product of the U.S. under the NAFTA rules of origin and:

- The shipment is of U.S. or Canadian origin and is destined for Mexico with a value of \$1,000.00 USD or greater.
- The shipment is of U.S. or Mexican origin and is destined for Canada with a value of \$1,600.00 or greater in Canadian dollars.

Shipments valued less than the above amounts only require a statement on the commercial invoice requesting NAFTA preferential tariff treatment:

"I certify that the goods referenced in this commercial invoice comply with the origin requirements specified for these goods in the North American Free Trade Agreement, and that further processing or assembly outside the territories of the parties has not occurred subsequent to processing or assembly in the NAFTA region."

Notes:

- UPS Worldwide Express Freight™ is included unless otherwise noted.
- International Dangerous Goods service requires a contract.

Documenting an International Shipment

PACKAGE

Electronic Export Information (E.E.I.) – E.E.I. provides general information about your export transaction to U.S. Census and Customs and Border Protection and is used by government agencies for foreign trade statistics and compliance with U.S. export controls. E.E.I. was formerly provided on a Shipper's Export Declaration (S.E.D.) form. The shipper in the U.S. is required to file E.E.I. generally in the following instances:

- If your shipment contains a commodity that has a value greater than \$2,500.00.
- If your shipment contains a commodity that requires an export license or is subject to an exemption from licensing under the International Traffic in Arms Regulations (ITAR).

E.E.I. generally is not required for shipments to Canada unless the commodities are being exported under an export license or ITAR license exemption or the shipment is destined for a third country via transshipment through Canada. Visit ups.com/sedguide for more information.

Air Freight

UPS uses export and import documents you prepare to properly declare your shipment to customs in both the country of export and the country of import. The documents and information are used to determine various export and import reporting requirements (e.g., data for electronic export information, import duties, fees and taxes in the destination country).

This documentation depends on the type of shipment but may include:

- Commercial invoice
- Bill of Lading, either
 - Air waybill
 - Shipper's Letter of Instruction

How to prepare export documentation.

WorldShip®, UPS Internet Shipping, UPS CampusShip®, the UPS Developer Kit and a UPS Ready® solution that supports full international service make it easy to complete a commercial invoice, U.S. Certificate of Origin, NAFTA Certificate of Origin, and to prepare E.E.I. WorldShip, UPS Internet Shipping and UPS CampusShip prompt you to complete required export documentation as you process an international shipment. Additionally, WorldShip enables you to automate international documentation preparation through data import capabilities.

Enclose all required export documentation in the UPS Waybill pouch or in an envelope marked "Export Documents." Securely affix pouch or envelope to the lead package.

Special Note for E.E.I. Filers:

In order to file E.E.I. electronically, users can log on directly to the U.S. Government Automated Export System (AES) website at aesdirect.gov to file the

appropriate information for their UPS shipment. UPS recommends electronic filing with AESDirect as the preferred method for E.E.I. filing. WorldShip, UPS Internet Shipping, UPS CampusShip and some UPS Ready solutions connect to AESDirect to allow customers to file their E.E.I. electronically with U.S. Census and Customs and Border Protection. UPS does not charge a service fee when you file your E.E.I. with AESDirect.

UPS can file or create and file E.E.I. on behalf of the shipper; however, all required data must be provided to UPS and the shipper must grant UPS Power of Attorney. UPS must obtain the shipper's EIN (Employer Identification Number), also known as the Tax ID number, and data about the goods and consignees in order to file E.E.I., including the harmonized tariff code (Schedule B) and a description of the goods. A shipment will be delayed if all required information necessary to file E.E.I. has not been provided. Refer to page [136](#) for fees.

- E.E.I.
- Power of Attorney
- U.S. Certificate of Origin or a North American Free Trade Agreement (NAFTA) Certificate of Origin
- Other documents based on value, nature and destination of shipment.

Visit ups.com/intl_forms to download a blank document or view a sample of a completed document.

Shipper's Letter of Instruction

The Shipper's Letter of Instruction explains how and where to send a shipment from the U.S. to an international destination. In preparing

this form, the shipper completes most of the information required on the Shipper's Letter of Instruction. After the shipper completes the form, they retain the blue shipper's copy and forward the rest of the form with the shipment to UPS Supply Chain Solutions® for completion. This document must be typed. It combines an air waybill and some of the information required for UPS to file E.E.I., if you, the shipper, have authorized UPS to file E.E.I. on your behalf by a Power of Attorney.

Notes:

- UPS Worldwide Express Freight™ is included in package unless otherwise noted.
- E.E.I.s must include the Employer Identification Number (EIN) of the exporter. Before creating an E.E.I. shipment, you can obtain an EIN free of charge from the IRS by visiting irs.gov or calling 1-800-829-4933.

Export Shipment Pricing

UPS Worldwide Express Plus®, UPS Worldwide Express®, UPS Worldwide Saver®, UPS Worldwide Expedited® and UPS Standard™

Shipment pricing is advantageous because rates are based on the total weight of a shipment, not the sum of the rates for each package in a shipment.

What Qualifies

1. The shipment consists of multiple packages, using the same service, shipped on the same day to a single consignee.
2. You use WorldShip®, UPS Internet Shipping, UPS CampusShip®, the UPS Developer Kit or a UPS Ready® solution that supports full international service, or a UPS Worldwide Services Waybill. UPS Mobile™ supports package and document shipments originating from the U.S., Canada, UK, Germany, France and Italy.

What Does Not Qualify

Shipment pricing does not apply to Express Envelopes, Paks, the UPS 10 KG Box®, the UPS 25 KG Box® or packages recorded in a UPS Shipping Record book; they are each considered separate shipments.

Rates

Rates are based on the total billable weight of all packages in the shipment. Compare each package's actual weight to its dimensional weight. The greater of the two is the billable weight and should be used to calculate the rate. For multiple-package shipments, total the billable weight of all packages in the shipment. Refer to pages [27](#) and [28](#) for instructions on calculating dimensional and billable weight.

If the payer of the shipping charges is located in the origin country, the shipment will be charged the export rate (Origin Country Export Rates). When the payer of the shipping charges is located in the destination country, the shipment will be charged the import

rate (Destination Country Import Rates). If the destination country does not have import rates, the shipment will be charged the export rate (Origin Country Export Rates). When the payer of the shipping charges is located in a third country (neither origin nor destination country), the shipment will be charged the Origin Country Export Rates, except as otherwise agreed to by UPS and the contracting party.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the appropriate rate chart.

For shipments weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

For a multiple-package UPS Standard shipment, the minimum charge will be based on an average weight of 15 pounds per package.

Customs Brokerage

For UPS Worldwide Express Plus, UPS Worldwide Express, UPS Worldwide

Saver, UPS Worldwide Expedited and UPS Standard to Mexico rates include routine in-house customs clearance by UPS Supply Chain Solutions®. Additional charges will apply if customs clearance is performed by customs brokerage offices other than those designated by UPS for clearing the services listed above.

Customs clearance for the services listed is provided by the UPS Supply Chain Solutions customs brokerage offices designated by UPS for handling package customs clearance. Other UPS Supply Chain Solutions customs brokerage offices charge fees for clearance of packages and freight.

For UPS Standard to Canada, charges for customs clearance are not included in the rate. UPS will provide Customs Brokerage Services, unless otherwise specified by the importer. Customs brokerage charges, duties and taxes will be billed to the importer, unless otherwise indicated by the shipper. Canada brokerage rates are available at ups.com/cacustomsclearance.

Refer to pages 136 to 143 for value-added services rates and other charges.

- The rates shown are for shipments originating in the U.S.
- Any fraction of a pound more than the weight shown in the rate chart is rounded up to the next listed weight.
- Dimensional weight may apply. Refer to pages 27 and 28 for more information.
- To determine the rate for international multiple-package shipments, refer to page 94.

*The Letter rate applies only to documents, correspondence and electronic media shipments of no commercial value that do not exceed eight ounces sent in an Express Envelope. - The shipment is in a UPS Pak.
- UPS Pak is selected at the time of shipping.

- Customs value of the shipment is less than \$100.00.

- The shipment weighs less than or equal to one or two pounds. Shipments above two pounds are rated by weight.

†Shipments exceeding the maximum weights (10 KG/22 pounds and 25 KG/55 pounds) will be charged the regular UPS Worldwide Express Plus or UPS Worldwide Express rate. Available only when the shipper is paying the shipping charges.

Notes: Delivery times may vary by destination postal code.

Refer to pages 136 to 143 for value-added services rates and other charges.

– The rates shown are for shipments originating in the U.S.

– Any fraction of a pound more than the weight shown in the rate chart is rounded up to the next listed weight.

– Dimensional weight may apply. Refer to pages 27 and 28 for more information.

– For larger packages, additional charges may apply. Refer to pages 27 and 28 for more information.

– To determine the rate for international multiple-package shipments, refer to page 94.

*The Letter rate applies only to documents, correspondence and electronic media shipments of no commercial value that do not exceed eight ounces sent in an Express Envelope. Express Envelopes containing items other than those listed above or exceeding eight ounces are subject to the rate corresponding to the weight of the Express Envelope. Express Envelopes are not recommended for shipments of electronic media containing sensitive personal information.

**Pak rates will apply to Letters weighing more than eight ounces, but less than 1 or 2 pounds. Pak rates also apply when:

- The shipment is in a UPS Pak.
- UPS Pak is selected at the time of shipping.

– Customs value of the shipment is less than \$100.00.

– The shipment weighs less than or equal to one or two pounds. Shipments above two pounds are rated by weight.

†Shipments exceeding the maximum weights (10 KG/22 pounds and 25 KG/55 pounds) will be charged the regular UPS Worldwide Express Plus® or UPS Worldwide Express® rate. Available only when the shipper is paying the shipping charges.

Shipment Pricing

UPS Worldwide Express Plus®, UPS Worldwide Express NA1®, UPS Worldwide Express®, UPS Worldwide Saver®, UPS Worldwide Expedited®, UPS 3 Day Select® from Canada and UPS Standard™

Shipment pricing is advantageous because rates are based on the total weight of a shipment, not the sum of the rates for each package in a shipment.

What Qualifies

1. The shipment consists of multiple packages, using the same service, shipped on the same day to a single consignee.
2. For shipments processed with WorldShip®, UPS Internet Shipping, UPS CampusShip®, the UPS Developer Kit or a UPS Ready® solution that supports full international service, or a UPS Worldwide Services Waybill.

What Does Not Qualify

Shipment pricing does not apply to Express Envelopes, the UPS 10 KG Box® or the UPS 25 KG Box®; they are each considered separate shipments.

Rates

Rates are based on the total billable weight of all packages in the shipment. Compare each package's actual weight to its dimensional weight. The greater of the two is the billable weight and should be used to calculate the rate. For multiple-package shipments, total the billable weight of all packages in the shipment. Refer to pages 27 and 28 for instructions on calculating dimensional weight.

If the payer of the shipping charges is located in the origin country, the shipment will be charged the export rate (Origin Country Export Rates). When the payer of the shipping charges is located in the destination country,

the shipment will be charged the import rate (Destination Country Import Rates). If the destination country does not have import rates, the shipment will be charged the export rate (Origin Country Export Rates). When the payer of the shipping charges is located in a third country (neither origin nor destination country), the shipment will be charged the Origin Country Export Rates, except as otherwise agreed to by UPS and the contracting party.

Unless otherwise specified at the time of shipping, shipping charges are billed to the shipper. In the event of non-payment by consignee or third party, the charges are billed to the shipper. Refer to pages 136 and 156 for more information on billing options.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the appropriate rate chart.

To determine the rate for a shipment weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound as shown under the shipment weight designations above 150 pounds. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

For a multiple-package UPS Standard shipment, the minimum charge will be based on an average weight of 15 pounds per package.

All rates for UPS international services, except UPS Standard from Canada, include in-house customs brokerage. For more information on customs brokerage for import shipments, refer to pages 144 to 149.

Customs Brokerage

PACKAGE

The following applies per shipment for imports into the U.S.:

- All UPS Worldwide Express Plus®, UPS Worldwide Express NA1®, UPS Worldwide Express®, UPS Worldwide Express Freight™, UPS Worldwide Saver®, UPS Worldwide Expedited®, UPS 3 Day Select® from Canada and UPS Standard™ to/from Mexico rates include routine customs clearance. Routine customs clearance is built into your rates when you use UPS to perform the customs clearance for any of these services.
- Additional services such as parts database management, customer-specific classification directives, special operating plans, assigned rating team, custom reporting and other value-added services are part of our Customized Brokerage Services and subject to a customs entry fee and/or other charges. Please see

Customized Brokerage Services in the Special Services section below for more information.

- UPS also provides services designed to facilitate movements of your UPS Standard shipments to and from Canada (see brokerage rates into Canada at ups.com/cabrokerage) and other non-routine services that include formal entry clearance, live entry clearance, temporary import bonds and duty drawbacks. In addition, UPS can provide customs clearance for other ocean, air freight, truck and rail U.S. imports. The importer is responsible for all brokerage fees, including duties and taxes. See charts on the following pages for more information.
- The UPS Service Guarantee does not apply when customs clearance is performed by brokerage offices other than those designated by UPS, or if a service delay is the result of certain

events beyond our control, such as a government agency hold.

- Customs clearance for services specified here is provided by the UPS Supply Chain Solutions® customs brokerage offices designated by UPS for handling package customs clearance. Other UPS Supply Chain Solutions customs brokerage offices charge fees for clearance of packages and freight. Customs clearance and brokerage services are subject to the Customs Brokerage and Freight Forwarding Terms and Conditions/ U.S. located at ups-scs.com/tools/terms.html.

For more information on any of our Customs Brokerage Services, call 1-800-782-7892.

UPS Broker of Choice®

With UPS Broker of Choice, importers select their own alternate customs broker for customs clearance of their UPS international shipments. This service is available for all UPS international shipments, except for UPS Standard service.

This contractual, fee-based service ensures that the established relationship with a customs broker can remain in place while the importer continues to utilize UPS for their international shipping needs. Using UPS Broker of Choice enables importers that have concerns about specific commodities or product lines to retain a particular

broker familiar with this portion of the business, while continuing to utilize UPS brokerage expertise for others.

Through the use of UPS technology, shipment information, as well as shipment documentation (e.g., commercial invoice), will be proactively available at the time of export for the broker to retrieve, thus enhancing the broker's ability to clear the shipment in a timely manner.

Importers have two options:

1. UPS Broker of Choice OnSite keeps shipments in UPS's possession while the importer's customs broker completes

customs clearance procedures prior to UPS completing delivery of the shipment.

2. UPS Broker of Choice OffSite moves shipments in-bond directly to a customs-controlled (bonded) warehouse (at the importer's direction), where the importer's customs broker completes the customs clearance procedures. The UPS transport is completed upon delivery of the shipment to the warehouse. Refer to page [147](#) for fees.

Customs Brokerage

PACKAGE

UPS FTZ Facilitator®

With UPS FTZ Facilitator, importers and exporters have the ability to use UPS to transport international shipments in-bond to and from a global Free/Foreign Trade Zone (FTZ). This service is available for all UPS international shipments, except for UPS Standard™ service.

This contractual, fee-based service allows the shipment of goods to and from an FTZ, while retaining the benefits of UPS's transportation network. Using UPS as a single source enables

importers and exporters to increase visibility and tracking, and reduce the chance for errors and costs associated with utilizing multiple transportation providers.

Through the use of UPS technology, shipment information, as well as shipment documentation (e.g., commercial invoice), will be proactively available at the time of export for our customer, customer's broker or FTZ operator to retrieve, thus enhancing their ability

to process the FTZ entry in a timely manner.

Importers will choose FTZ Facilitator Import to direct shipments to be delivered in-bond to a designated FTZ rather than being cleared through customs.

Exporters will choose FTZ Facilitator Export to ship goods in-bond from an FTZ to an international destination. Refer to page [147](#) for fees.

Solutions for Managing Your Invoice

UPS offers a variety of options to help you manage your shipping costs by allowing you to determine who pays what portion of the shipping charges.

UPS Billing/Payer Options

| Options | Description |
|-----------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| PACKAGE, AIR FREIGHT AND LESS-THAN-TRUCKLOAD | |
| Bill Shipper (Prepaid) | – Shipper's UPS package, air freight or LTL account is billed for shipping charges. |
| Bill Receiver (Freight Collect) | – Receiver's UPS package, air freight or LTL account is billed for shipping charges. |
| Bill Third Party | – A third party's UPS package, air freight or LTL account is billed for shipping charges. |
| INTERNATIONAL PACKAGE | |
| Free Domicile | – The shipper pays all costs of delivery, including customs clearance fees, directly to the door of the consignee. |
| Split Duty and Tax | – Shipper's UPS account is billed for shipping charges and duties. – Receiver's UPS account is billed for all taxes. |
| AIR FREIGHT | |
| Shipper's Check Received | |
| – Delivery Duties Paid (DDP)* | Fees vary by country and seller's charges. |
| – Delivery Duties Unpaid (DDU)* | Importer is responsible for fees that vary by country. |

**For a quoted price, the seller/exporter clears the goods for export and is responsible for making them available to the buyer at the named place of destination cleared for import, but not unloading them from the transport vehicle.*

For international shipments, the above billing options can be used in combination with one another, allowing the shipper, receiver or third party to be billed for all or part of the shipping charges. International shipping charges typically include the cost of transportation, duties, brokerage fees and taxes.

Unless otherwise specified at the time of shipping, shipping charges are billed to the shipper. In the event of non-payment by the consignee or third party, the charges are billed to the shipper.

Managing Inbound Charges

Control who can and cannot bill shipping charges to your UPS account number. There are two convenient ways to manage this process. Select the option that is appropriate for your business needs.

– Allow any shipper to bill shipping charges to your UPS account number, except for certain shippers you wish to exclude.

– Allow only certain shippers to bill shipping charges to your UPS account and exclude all others.

To begin controlling your inbound charges, go to ups.com/billing.

Consolidated Payment Plans

A Consolidated Payment Plan offers a convenient way to aggregate UPS invoices for multiple UPS account numbers into a single invoice for payment.

Consolidated Payment Plans can be created for UPS domestic, export and import invoices.

To learn more about Consolidated Payment Plans, call 1-800-PICK-UPS®.

Managing Additional Charges

Additional charges can occur when shipments are not processed properly.

Tips for avoiding these charges may be found at ups.com/avoidcharges.
